# Working Hard with Heart

★★★★★ 7/13/2022

Let's face it--summer school isn't something kids usually want to do. However, sometimes it is a necessity and that was the case for my daughter (11th grade). Method Schools were recommended to us as a great online option by my daughter's traditional school guidance counselor. We signed up for an online course and we're so glad we did. My daughter has found the flexibility of an online class much more to her liking than going to campus every day. But the real selling point of Method is the support you receive. The teacher, the guidance counselor, and even the administrative staff we have interacted with have been helpful, friendly, and have shown genuine concern for our unique situation. We have some special circumstances involved and Method has been great working with us to accommodate my daughter's needs. I highly recommend Method for a great summer school option. I would also give Method strong consideration as a full time school option (which may be necessary for us in the near future). I'm so glad to know Method is available to meet our needs. Thank you Method!

Thank you for keeping me in the loop. She has been concerned about catching up. She went away for the weekend and is in the middle of golf camp and tryouts. She will try and get caught up this week. Thank you for all that you do! We are so happy with the school, and very appreciative of you!

## Method Schools Board of Directors POLICY

Board approved:

### 3060 Vehicle Use Policy

Employees of Method Schools may use a fleet vehicle on occasions when business travel or the need of a Method vehicle to carry out job duties arises (ex: student transportation to events, teach squad, travel to conference, moving or delivery of Method assets). Employees attending the same events should carpool when possible.

- Transportation of students should be for approved organized events only
- When students are transported, the employee MUST NOT transport only 1 student unless it is an emergency

An employee of Method Schools may be provided a company vehicle for daily use. Method management reserves the right to determine when a vehicle may be provided to an employee and will make the determination based upon business needs and budget availability. Method Schools management has the right to revoke or re-assign a company vehicle at their discretion.

An employee who has a company vehicle is allowed to drive the company vehicle outside of work hours, however they are required to abide by our company vehicle policy and log personal miles. Personal miles are considered compensation and must be reported on the employee's W-2 per IRS regulations. Method will use a cents per mile calculation to determine W-2 mileage, based on current IRS mileage reimbursement rates.

- **Employees whose primary place of work is their home.** Employees who have a home office that qualifies as the employee's principal place of business (see [IRS Publication 587](#)) can treat all mileage to client sites and temporary work locations, including their employer's locations, as business miles.

### Prerequisites to driving a company vehicle

Employees of Method Schools are only allowed to drive a company vehicle if they:

- Hold a valid driver's license.
- Have a clean driving record for at least 2 years, meaning they were not at fault of a vehicle accident or were not arrested on charges violating vehicle and traffic laws, such as driving under the influence.

*Note: Any employee driving a Method vehicle is required to complete a driver authorization form and to also submit a copy of their driver's license to be eligible to drive a company vehicle.*

### Obligations of the driver

Method Schools expects their employees using company vehicles to abide by traffic laws and Method policies, including but not limited to:

- Will not use a phone or text while driving.
- Never drive under the influence.
- Will not allow an unauthorized driver(s) to use their company vehicle unless it is an emergency.
- Will not lease, sell or lend a company vehicle.
- Will not leave the company vehicle unlocked, unattended or parked in a dangerous area.
- Will not smoke in the company vehicle.
- Report damages or problems with their company vehicle to HR in a timely manner.
- Document all driving expenses, such as fuel and tolls.
- Regularly check the vehicle to ensure all is operating functionally, such as the fuel, tire pressure and vehicle fluids.
- Will not double park, block entrances or commit traffic violations which can lead to fines.
- If applicable, will wear glasses or contacts while driving.

If an employee has their driver's license suspended or revoked, they are obligated to inform HR. As a result, their use of a company vehicle will be discontinued until said employee is eligible to drive again per our policy.

### **Accidents**

If an employee of Method Schools is involved in a vehicle accident with the company vehicle, they must immediately contact our HR department. Under no circumstance should an employee accept responsibility or guarantee payment during an accident unless Method Schools authorizes it.

Employees are required to follow all legal guidelines in exchanging information with other drivers and should call the police if the accident is serious.

### **Obligations of Method Schools**

Method Schools strives to create a safe work environment for all employees and that extends to the company vehicle, therefore we will:

- Ensure company vehicles are safe to drive before we assign them.
- Schedule periodical maintenance so all vehicles remain in excellent condition.
- Provide employees with a copy of our company vehicle policy if they are assigned a company vehicle. (*Note: this company vehicle policy is available on Method Schools website*).
- Insure company vehicles with a reliable insurance provider.

### **Method Schools is not responsible for:**

- Paying fines an employee(s) received while driving company vehicles that they are responsible for, such as breaking the speed limit.

- Paying for an employee to make bail if arrested while driving a company vehicle.

**Disciplinary Actions**

Management reserves the right to discipline an employee who does not follow the company vehicle policy.

Method Schools will terminate an employee or may take legal action if a more serious offense is committed, such as selling the vehicle for personal gain or causing an accident while driving under the influence.

## **METHOD SCHOOLS BOARD POLICY 6060**

### **INDEPENDENT STUDY POLICY**

Method Schools (the “Charter School”) shall offer independent study to meet the educational needs of pupils enrolled in the Charter School. Independent study is an optional educational alternative in which no pupil may be required to participate and is designed to teach the knowledge and skills of the core curriculum. The Charter School shall provide appropriate existing services and resources to enable pupils to complete their independent study successfully. The following written policies have been adopted by the Method Schools Board of Directors for implementation at Charter School:

1. For pupils in all grade levels and programs offered by the Charter School, the maximum length of time that may elapse between the time an assignment is made and the date by which the pupil must complete the assigned work shall be last day of each learning period (20 days) in which the learning samples are collected. Students must have two (2) work samples per subject per learning period in which they are enrolled.
2. The **Senior Director, the Homeroom Teacher, and the Department Director** under the guidance of the Tiered Re-engagement Strategy will conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:
  - a. When any pupil fails to complete the minimum of two (2) work samples per subject per learning period in which they are enrolled.
  - b. In the event Student’s educational progress falls below satisfactory levels as determined by the Charter School’s Tiered Reengagement Policy which considers ALL of the following indicators:
    - i. The pupil’s achievement and engagement in the independent study program, as indicated by the pupil’s performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
    - ii. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
    - iii. Learning required concepts, as determined by the supervising teacher.
    - iv. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.
  - c. **When the student fails to attend a 10% minimum instructional time over four continuous weeks.**

- d. When the student fails to participate in **50%** of assigned live instructional sessions over the course of a month.

A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

3. The Charter School shall provide content aligned to grade level standards that is provided at a level of quality and intellectual challenge substantially equivalent to in-person instruction. For high school grade levels this shall include access to all courses offered by the Charter School for graduation and approved by the UC or CSU as creditable under the A-G admissions criteria.

4. The Charter School has adopted tiered reengagement strategies for all pupils ~~who are not generating attendance for more than three (3) school days or 60% of the instructional days in a school week, or who are in violation of the written agreement pursuant to Education Code Section 51747(g).~~ These procedures are as follows:

- a. Verification of current contact information for each enrolled pupil;
  - b. Notification to parents or guardians of lack of participation within one school day of the absence or lack of participation;
  - c. Outreach from the Charter School to determine pupil needs including connection with health and social services as necessary;
  - d. When the evaluation described above under paragraph 2.b.iv. is triggered to consider whether remaining in independent study is in the best interest of the pupil, a pupil-parent-education conference shall be required to review a pupil's written agreement and reconsider the independent study program's impact on the pupil's achievement and well-being. This conference shall be a meeting involving, at a minimum, all parties who signed the pupil's written independent study agreement.
5. The following plan shall be in place in accordance with Education Code Section 51747(e) for synchronous instruction and live interaction:
    - a. For pupils in transitional kindergarten through grade 3, inclusive, the plan to provide opportunities for daily synchronous instruction for all pupils throughout the school year by each pupil's assigned supervising teacher shall be as follows:
      - i. Daily instructional opportunities via videoconferencing provided by the supervising teacher
      - ii. Weekly 1:1 meetings via videoconferencing provided by the supervising teacher
      - iii. (3<sup>rd</sup> grade) Assigned Targeted Direct Instruction via videoconferencing for individualized instructional needs.

- b. For pupils in grades 4-8, inclusive, the plan to provide opportunities for daily live interaction between the pupil and a certificated or non-certificated employee of the Charter School and weekly synchronous instruction for all pupils throughout the school year by each pupil's assigned supervising teacher shall be as follows:
    - i. Weekly 1:1 meeting with the supervising teacher
    - ii. Weekly homeroom instructional session
    - iii. Daily instructional opportunities via subject specific lessons, Targeted Direct Instruction, Study Hall, and teacher office hours via videoconferencing

- 6. The following plan shall be utilized to transition pupils whose families wish to return to in-person instruction from independent study expeditiously, and, in no case, later than five instructional days: Supervising teacher and department lead and/or High School Counselor, where applicable, will complete a final parent conference closing out the student, recommending local educational alternatives, and withdrawing process.
- 7. A current written agreement shall be maintained on file for each independent study pupil, including but not limited to, all of the following:
  - a. The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.
  - b. The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.
  - c. The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.
  - d. A statement of the policies adopted pursuant to Education Code Section 51747, subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
  - e. The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under

the agreement. No independent study agreement shall be valid for any period longer than one school year.

- f. A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.

A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.
  - h. The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.
  - i. Each written agreement shall be signed, before the commencement of independent study, by the pupil, the pupil's parent, legal guardian, or caregiver, if the pupil is less than 18 years of age, the certificated employee who has been designated as having responsibility for the general supervision of independent study, and all persons who have direct responsibility for providing assistance to the pupil. For purposes of this paragraph "caregiver" means a person who has met the requirements of Part 1.5 (commencing with Section 6550) of Division 11 of the Family Code.
8. The Charter School shall require a newly signed Independent Study Master Agreement in the event that the teacher of record is on leave for 60 or more instructional days. A long-term substitute teaching for a length of 1-59 days will maintain the initial Independent Study Master Agreement.
9. The Charter School shall comply with the Education Code sections 51745 through 51749.3 and the provisions of the Charter Schools Act of 1992 and the State Board of Education regulations adopted there under.
10. The CEO, Co-Founder shall establish regulations to implement these policies in accordance with the law.

## Enrollment

Method Schools are public schools of choice.

There is no discrimination in the admission of students to the school on the basis of race, creed, color, handicapping condition, or gender. Method Schools provides a free and appropriate public education (FAPE) to all of its students. All students; however, need to be able to meet the enrollment requirements.

Method Schools will enroll students in grades Kindergarten – 12th Grade for the 2022-23 school year. Student registration is always online at [www.methodschools.org](http://www.methodschools.org). The enrollment process must be completed in full and submitted with all the required documentation prior to being accepted.

Questions regarding the status of your enrollment should be directed to the front offices. Students who have received services under the Individuals with Disabilities in Education Improvement Act (IDEIA) must provide this information at the time of enrollment. A Method Schools staff member will contact you to ensure proper placement of your student into our program.

It is understood that no student who qualifies for special education services under the Individuals with Disabilities in Education (IDEA) shall participate in independent study unless it is specifically authorized under his/her IEP.

Concurrent enrollment in another public or private school is prohibited at Method Schools and will cause the student to be withdrawn immediately. This does not include college-level coursework. Please refer to our enrollment requirements.

### Fees

Method Schools does not charge fees for our programs or services provided to our families. Enrollment with Method is always tuition-free; however, as with many school programs, certain expenses do fall within the responsibility of enrolled families: Ink for printers, the cost of transportation to and from school, Method Schools sponsored events, and the cost for providing paper are a few examples.

## Enrollment Requirements

### Age Requirement

A student will be admitted to Kindergarten at the beginning of a school year if the child will have his/her fifth birthday on or before September 1st of the school year.

## Immunizations

All of the following are required for enrollment into Method Schools.

- Diphtheria
- Measles
- Mumps (except for children who have reached the age of 7 years old)
- Pertussis (whooping cough)
- Poliomyelitis
- Rubella
- Tetanus
- Hepatitis B
- Varicella (chicken pox) – persons already admitted into California public or private schools at the Kindergarten level or about, before July 1, 2001, shall be exempt from Varicella immunization requirement for school entry.
- TDAP (pertussis) – the TDAP must be administered after a student's seventh birthday but before entering the 7th grade.

The schools' verification of immunization is through written medical records from your doctor or immunization clinic. Pupils who fail to complete the series of required immunizations within the specified time will be denied enrollment until the series has been completed. Exceptions are allowed under the following conditions:

- o The parent provides a signed doctor's statement verifying that the child is to be exempted from immunizations for medical reasons. This statement must contain identifying the specific nature of probable duration of the medical condition.
- o As of January 1, 2016, due to Senate Bill 277, a parent may no longer request exemption of their child from immunization for personal or religious beliefs for students. The bill does exempt pupils enrolled in an independent study program, who do not receive classroom-based instruction. Any child leaving the United States for a short vacation, to any country considered by Center of Disease Control and Prevention (CDC) to have increased risk of TB exposure, such as, Mexico, Philippines, India or Southeast Asia must call the County of Tuberculosis clinic for TB screening upon return.

## Physical Examinations

All pupils are to have completed a health screening examination on or before the 90th day after the pupil's entrance into first grade or such pupils must have obtained a waiver pursuant to Health and Safety Code, Section 124085. This examination can be obtained from your family physician or possibly through the services provided by your County Health Department. Information and forms are distributed to pupils enrolled in Kindergarten. Failure to obtain an examination for your child or a waiver will result in your child being denied enrollment. The school recommends that children undergo a yearly speech, hearing, and eye examination.

## Withdrawals

If you decide to withdraw a student from Method Schools, please communicate your decision through your assigned teacher. Your teacher will schedule a final virtual conference to ensure that your student receives the appropriate academic and attendance credit. During this meeting, you will be required to submit work samples that your student has completed since your last conference and sign learning journals. Shipping labels required for the return of the loaned teaching materials, including laptops, will arrive within 2-3 weeks from the date you notified your teacher of your withdrawal.

## Change of Contact Information

Please notify our enrollment specialists should your contact information change and provide any updated proof of residency for your new address. Our staff will update the records accordingly. Correct contact information ensures that curriculum materials and important school notices are mailed to the correct student address. Parents are requested to update their account information in the online curriculum should their email address change. Communication is often sent via email to the email address listed in the online curriculum. Thus, we would like to keep all records up-to-date.

## Unable to Contact

In any school, but especially in a virtual school, regular communication with your Method Schools teacher is essential for your student's success in our program. If you are planning to be out of state, on vacation, or otherwise unable to communicate with your teacher for a period of time please notify your teacher so that proper arrangements to monitor your student's progress and attendance can be made.

Due to the enrollment requirements of our school, if your teacher is unable to contact you for 2 days, Method will attempt contact via phone and email requesting contact. If after these procedures have been followed and contact has not been made within 24 hours, it will be assumed that your child is enrolled in another educational program, and your child will be withdrawn.

## Attendance

Method Schools offers students a Personalized Learning Education through an online, independent study model. Independent study is substantially equivalent in quality and quantity to

classroom instruction thereby ensuring that a student is assigned a full day's worth of work equivalent to that which he/she would be assigned in a classroom setting. Independent study students have the same access to existing services and resources as other students in the school in which the independent study student is enrolled.

## Daily Engagement

Using the following resources, Method Schools students are expected to **engage daily** with their learning.

- Login to the SmartFox platform (or K12 platform)
- Usage of iReady and IXL
- Learning materials as assigned by the Homeroom Teacher (teacher of record)

Students enjoy freedom and flexibility, while parents appreciate the accountability that the school provides them as the primary educator of their student.

Method Schools' Independent Study Master Agreement is filled out each semester for each student enrolled in the program. Our practice is to meet with students at least every 20 days to review outcomes and to collect work samples.

A current Independent Study Master Agreement shall be maintained on file for each independent study pupil, including but not limited to, all of the following:

- The manner, time, frequency, and place for submitting a pupil's assignments, for reporting the pupil's academic progress, and for communicating with a pupil's parent or guardian regarding a pupil's academic progress.
- The objectives and methods of study for the pupil's work, and the methods used to evaluate that work.
- The specific resources, including materials and personnel, that will be made available to the pupil. These resources shall include confirming or providing access to all pupils to the connectivity and devices adequate to participate in the educational program and complete assigned work.
- A statement of the policies adopted pursuant to Education Code Section 51747, subdivisions (a) and (b) regarding the maximum length of time allowed between the assignment and the completion of a pupil's assigned work, the level of satisfactory educational progress, and the number of missed assignments allowed before an evaluation of whether or not the pupil should be allowed to continue in independent study.
- The duration of the independent study agreement, including the beginning and ending dates for the pupil's participation in independent study under the agreement. No independent study agreement shall be valid for any period longer than one school year.
- A statement of the number of course credits or, for the elementary grades, other measures of academic accomplishment appropriate to the agreement, to be earned by the pupil upon completion.
- A statement detailing the academic and other supports that will be provided to address the needs of pupils who are not performing at grade level, or need support in other areas, such as English learners, individuals with exceptional needs in order to be consistent with the pupil's individualized education program or plan pursuant to Section 504 of the federal Rehabilitation Act of 1973 (29 U.S.C. Sec. 794), pupils in foster care or experiencing homelessness, and pupils requiring mental health supports.
- The inclusion of a statement in each independent study agreement that independent study is an optional educational alternative in which no pupil may be required to participate. In the case of a pupil who is referred or assigned to any school, class, or program pursuant to Section 48915 or 48917, the agreement also shall include the statement that instruction

may be provided to the pupil through independent study only if the pupil is offered the alternative of classroom instruction.

## Work Samples

Work samples are collected at the beginning of every Learning Period throughout the school year. Teachers collect 2 samples per subject area each learning period.

A minimum of two work samples per enrolled course must be completed in order to maintain satisfactory educational progress.

## Daily Educational Activity Record - Learning Journals

Each student at Method Schools must log activity every school day. Method Schools asks that this “daily engagement” be documented on a daily basis.

Student activity may include work in curriculum, work assigned in educational platforms, one to one meetings with homeroom teachers, or participation in course or tutoring sessions. Daily activity must be logged by the student or parent in the following format:

“Participated in live (name/type) class”

“Met with homeroom teacher”

“Completed assignments in (educational platform)”

Activity records must be signed by the student, parent, and teacher of record at the end of each month..

Method Schools recognize that families may not evenly distribute student’s work assignments over weekdays. However, due to strict state law requirements for charter school attendance, **Method Schools expects each student to be engaged in an educational activity on each weekday that Method Schools is in session.** This should not be read to prohibit schoolwork on weekends and should not be read to dictate the manner in which a family distributes the assignments over the independent study period. Method Schools asks that a parent/guardian refrain from documenting “daily engagement” on a day where a student did not engage in any educational activity required of them by the assignments. By law, work done on weekends or other days when school is not in session cannot be used to “make-up” weekdays where no “daily engagement” occurred.

## Tiered Re-engagement

Method Schools has adopted tiered reengagement strategies for all pupils who are in violation of the written agreement pursuant to Education Code Section 51747(g). These procedures are as follows:

1. Verification of current contact information for each enrolled pupil;
2. Notification to parents or guardians of lack of participation within one school day of the absence or lack of participation;
3. Outreach from the Charter School to determine pupil needs including connection with health and social services as necessary;
4. When the evaluation described above under paragraph 2.b.iv. is triggered to consider whether remaining in independent study is in the best interest of the pupil, a pupil-parent-education conference shall be required to review a pupil's written agreement and reconsider the independent study program's impact on the pupil's achievement and well-being. This conference shall be a meeting involving, at a minimum, all parties who signed the pupil's written independent study agreement.

2. The Homeroom Teacher and the Grade Level Lead under the guidance of the Tiered Re-engagement Strategy will conduct an evaluation to determine whether it is in the best interests of the pupil to remain in independent study upon the following triggers:

1. When any pupil fails to complete the minimum of two (2) work samples per subject per learning period in which they are enrolled.
2. In the event Student's educational progress falls below satisfactory levels as determined by the Charter School's Tiered Re-engagement Policy which considers ALL of the following indicators:
  - a. The pupil's achievement and engagement in the independent study program, as indicated by the pupil's performance on applicable pupil-level measures of pupil achievement and pupil engagement set forth in Education Code Section 52060(d) paragraphs (4) and (5).
  - b. The completion of assignments, assessments, or other indicators that evidence that the pupil is working on assignments.
  - c. Learning required concepts, as determined by the supervising teacher.
  - d. Progressing toward successful completion of the course of study or individual course, as determined by the supervising teacher.

A written record of the findings of any evaluation conducted pursuant to this policy shall be treated as a mandatory interim pupil record. The record shall be maintained for a period of three years from the date of the evaluation and, if the pupil transfers to another California public school, the record shall be forwarded to that school.

## Academic Policy

### Commitment to Growth

Method Schools is committed to providing an exceptional academic program based on an ongoing use of data and well-researched best instructional practices. With that, Method closely monitors students and their academic growth using rigorous curriculum, advanced instructional methods, and internal diagnostic and benchmark assessments that closely align to state assessments. Students are expected to test as part of their overall academic program.

We, at Method, hold a high expectation of all students to participate in all elements of our academic program including annual state testing. If you have any concerns about the full participation in Method's educational model, please discuss this with a Method staff member.

### State Standardized Tests

As members of a public charter school, our students participate in all state-mandated tests. Participation rates are critical to the success of our school. According to recent regulations, a public school is required to achieve a participation rate of 95% on any state testing. If a school has less than 95% of its students participate in any assessment, the school runs the risk of receiving a serious penalty by the state of California.

A testing schedule will be distributed to all families. Individual student performance results on statewide achievement testing will be distributed to both parents and teachers in a timely manner.

### Retention

Method Schools approach to learning is highly individualized to student's needs based on data-driven instructional practices and a Multi-Tiered System of Supports that targets each student's individual needs.

Method Schools make every effort to meet students where they are by providing ample support and interventions in order to allow students to matriculate from one grade to the next. Retaining a student is a practice that is rarely, if ever, considered based on Method's philosophy and approach of personalizing learning to a student's abilities rather than reassigning grade level. To determine eligibility for a grade retention or promotion, we must allow ample time for interventions to be put in place, data to be gathered, and documentation of student response to interventions to meet the student's learning concern.

#### **Process to Determine Promotion/Retention**

<b>1. Identification of Learning Concern</b>
<ul style="list-style-type: none"> <li>• Student, parent, or homeroom teacher expresses a learning concern.</li> <li>• Homeroom teachers, parents, and students work collaboratively to implement general interventions.</li> <li>• Homeroom teacher documents students' responses to general interventions. If there is no response to intervention, student is elevated to Student Success Team Meeting</li> </ul>
<b>2. Student Success Team #1 (SST-1) Meeting</b>
<ul style="list-style-type: none"> <li>• Learning concerns documented</li> <li>• Targeted interventions agreed upon</li> <li>• Date for follow up agreed upon at the meeting. Timeline for follow up is dependent on severity of learning concern. If no response to interventions at SST-1, student elevated to Student Success Team #2 (SST-2) meeting</li> </ul>
<b>3. Student Success Team #2 (SST-2) Meeting</b>
<ul style="list-style-type: none"> <li>• Learning concerns documented</li> <li>• Interventions adjusted based on students response to interventions in SST-1</li> <li>• Date for follow up agreed upon at the meeting. Timeline for follow up is dependent on severity of learning concern. If no response to interventions at SST-2, students are elevated to assessment meetings.</li> </ul>
<b>4. Assessment Meeting</b>
<ul style="list-style-type: none"> <li>• Determine the need for Special Education assessment</li> <li>• Records review for appropriate grade placement</li> <li>• Determine appropriate placement in independent study model</li> </ul>

If it is determined, a special education assessment is appropriate, the Special Education department will arrange for an assessment plan to determine special education eligibility.

Although extremely rare, any recommendations for a student's retention or promotions are taken to Method's Board for final approval. Method cannot guarantee the recommendation or denial of retention or promotion as each request is taken on a case by case basis.

## Student Success Team Meetings

Pupils who are not making sufficient progress and/or have excessive absences within one learning period shall be required to attend a Student Success Team meeting, along with their learning coach, to determine whether it is in the best interest of the pupil to remain in independent study. This conference shall be held as soon as possible, and the pupil will receive written notice of the Student Success Team Meeting. The pupil may request one postponement, not to exceed five (5) school days, of the conference for good cause.

At the meeting, the parent/guardian or adult student shall be informed of the reason for the meeting and the evidence supporting the concerns for the student's academic health. The student and/or representative shall be given the opportunity to present information and share their concerns/obstacles during the meeting. Method staff will take any information presented by the parent or learning coach and student into consideration when determining mandatory

interventions for the student for continued enrollment. Additional factors will be considered including, but not limited to, the following:

- Student's grades at the time of the evaluation
- Student's progress in the independent study curriculum
- Student's attendance at required live sessions
- Teacher observation and feedback

Staff decisions shall be provided in writing to the parent/guardian within three days of the evaluation. Method Schools staff may:

- Find independent study still in the student's best interest
- Place the student on attendance probation to be evaluated again at the next attendance period if the student continues to fail to engage in daily activities
- Use other alternatives to improve attendance and engagement
- Find that it is not in the student's best interest to remain in independent study.

If Method staff finds that it is not in the best interest to remain in independent study, then the student shall be withdrawn from enrollment at Method Schools and the parent/guardian will immediately enroll in a site-based program through the local school district or other appropriate educational program. Method Schools' decisions are final.

## Academic Dishonesty and Plagiarism Policy

Academic dishonesty, cheating, and plagiarism is considered any attempt to obtain credit through dishonest means. This includes cheating, plagiarism, and any attempt to obtain credit for academic work through fraudulent, deceptive, or dishonest means.

Some examples of this include (but are not limited to):

- Using another's work and claiming it as your own.
- Copying other students' work or allowing your work to be copied.
- Using or attempting to use unauthorized materials, information, or study aids in any academic exercise.
- Copying from text, websites, or other course materials.
- Purchasing a paper or project.
- "Recycling" an assignment – submitting an assignment to more than one course.
- Asking for answers in any social media forum, discussion, or chatroom.
- Manipulating online assessments to achieve a passing score without mastering the content.

Plagiarism is the presentation of someone else's ideas or work as one's own. This constitutes fraud or theft. Plagiarism or any form of academic dishonesty is a grave offense and will not be tolerated.

If a teacher or administrator determines there is sufficient evidence of academic dishonesty on the part of a student, the teacher may exercise one or more of the following options, depending on the severity of the offense.

### **Consequences**

**First Offense**–Content teacher will remove credit for any assignment related to the offense and communicate to the HR teacher. HR Teacher will contact and conference with parents and students regarding the offense and discuss the repercussions of additional offenses. Teacher will provide required resources to help students succeed while maintaining academic integrity. The student will be required to resubmit assignment(s) to receive credit.

- Resources include the video test the student will watch and complete. They will need to submit a screenshot of the completed video.
- The student will also need to write one paragraph defining plagiarism, giving examples and explaining what is not plagiarism.

**Second Offense**– Content teacher will remove credit for any assignment related to the offense and communicate to the HR teacher. Administrators/ department lead will conference with the teacher, parent, and student regarding the seriousness of academic integrity. The student may be required additional supervision (example: complete assessments in the online classroom) to help support the student to be successful in the future. The student can redo the assignment but will only receive ½ credit.

**Third Offense**– Content teacher will remove credit for any assignment related to the offense. Administrators/ department leads will conference with the teacher, parent, and student regarding the seriousness of academic integrity. The student may be withdrawn from Method Schools and placed back in their school of residence. A letter will be placed in the student's file. The repeat incidents will be noted in the student's permanent file. Plagiarized assignments will not be allowed to be resubmitted and will be given 0's.

### **Avoiding Plagiarism**

Students must give credit for any information that is not either the result of original research or common knowledge. If a student borrows ideas or information from another author, he/she must acknowledge the author in the body of the text and on the reference page. If a student borrows the words of another author, he/she must be careful to use the author's exact words, enclose them in quotation marks, and cite the source in the body of the text and on the reference page. If students are unsure whether he/she should cite, he/she is encouraged to cite. Students are also encouraged to ask instructors for guidance on this issue. Students might also consult writing handbooks such as the Essential Little Brown Handbook and for formatting questions refer to manuals such as The MLA Handbook for the Humanities, The Publication Manual of the APA for social sciences and business and The CBE Style Manual for natural and applied sciences. Failure to

abide by these standards will be reported to the appropriate administrative authorities and may result in loss of credit and revoked access to course(s).

***“Failure to meet the requirements listed above may indicate that an independent study program is not the appropriate placement for your student and may result in your student’s withdrawal from Method Schools. If a student is withdrawn for failing to meet the enrollment requirements, the student will not be able to re – enroll for the remainder of the current academic year and one academic year following.”***

## Method Schools Sponsored Fitness and Athletic Training Policy

Method Schools believes that physical fitness, athletic training and sports participation can be part of a well-rounded curriculum and educational experience. Method supports student participation in fitness and athletic training upon request to ensure students are offered a holistic experience. Method-sponsored athletic participation is a privilege that requires satisfactory academic achievement and attendance as outlined in Method Schools’ Tiered Re-engagement Policy.

Students who participate in Method Schools’ sponsored fitness or athletic training are expected to meet the requirements of attendance and engagement as set forth by their grade level for live instruction classes, weekly 1-to-1 meetings, and daily login to the provided curriculum.

## Grade Appeal Policy

The official transcript is a complete representation of a student’s academic record. It is of utmost importance that accurate record keeping and grade reporting is timely.

A petition or request for transcript review can be submitted to Method Schools to review records and coursework.

In the event of inaccuracies, any changes to official transcripts are made only after a thorough review of the transcript by counselors and course teachers. Gradebooks, master agreements, and report cards are reviewed to support the changes to ensure its accuracy. No changes are made without the approval of the course teacher and Method administration.

## Special Education

### *An Overview*

#### *What is Special Education?*

The Education for All Handicapped Children was enacted by Congress in 1975 creating special education. This law has been revised several times since its original passage and is now known as the Individuals with Disabilities Education Act (IDEA). Children must be identified, tested, and have a qualifying disability that negatively impacts their education. The Individuals with Disabilities Education Act (IDEA) states that each child who has a disability, needs special education and related services will receive FAPE (free appropriate public education).

#### *What are the 13 disabilities recognized by IDEA and California?*

IDEA specifies 13 classifications of disabilities; however, a child's school performance must be "adversely affected" by a disability to qualify for the special education program.

- Autism Spectrum Disorder (ASD). ASD is a developmental disability that significantly affects verbal, nonverbal communication, social interaction, and sometimes impacts behavior. It is generally evident before the age of three. Common characteristics often associated with autism are engagement in repetitive activities, stereotyped movements, resistance to environmental change or changes in daily routines, and unusual responses to sensory experiences.
- Deafblindness is a concomitant (simultaneous) hearing and visual impairment, the combination of which causes severe communication, developmental, and educational problems. In this category, a student's needs cannot be met with just deaf or blind services only.
- Deafness is a hearing impairment, whether permanent or fluctuating, which impairs the processing of linguistic information through hearing, even with amplification. If any equipment can correct a hearing problem, then the student does not qualify under the definition of deafness.
- Emotional Disturbance (ED) is an inability to learn which cannot be explained by intellectual, sensory, or health factors. It typically manifests as an inability to build or maintain satisfactory interpersonal relationships with peers and teachers; inappropriate types of behaviors or feelings under normal circumstances; a general pervasive mood of unhappiness or depression; and a tendency to develop physical symptoms or fears asocial with personal or school problems. Common examples may include anxiety disorder, schizophrenia, bipolar disorder, obsessive-compulsive disorder, and depression.

- Hard of Hearing or Hearing Impairment may be permanent or fluctuating, which impairs the processing of linguistic information through hearing, even with amplification, and which adversely affects educational performance. Processing linguistic information includes speech and language reception and speech and language discrimination.
- Intellectual disability (ID) is a student who has significantly below average general intellectual abilities existing concurrently with deficits in adaptive behavior. These students typically have poor communication, self-care, and social skills. Most of these students are on a modified curriculum. Common examples include down syndrome or mental retardation.
- Multiple disabilities (MD) include concomitant impairments of at least two disabilities or more, the combination of which causes such severe educational needs that they cannot be accommodated by special education programs solely for one of the impairments. The term does not include deaf-blindness.
- Orthopedic Impairment (OI) is a severe orthopedic impairment that adversely affects the student's educational performance due to the lack of ability to move their bodies. One common example is cerebral palsy.
- Other Health Impairment (OHI) is an umbrella term that covers any other condition or illness that limits a child's strength, energy, or alertness. One common example is Attention Deficit Hyperactivity Disorder (ADHD), which impacts attention and executive function.
- Speech or language impairment (SLI). Students with this disability may demonstrate difficulty understanding or using spoken language to such an extent that it adversely affects his or her educational performance and cannot be corrected without special education and related services. Common speech disorders may include articulation (reduced intelligibility) and/or stuttering.
- Specific Learning Disability (SLD) is the most common category and is a disorder in one or more of the basic psychological processes involved in understanding or in using language, spoken, or written, which may manifest itself in an imperfect ability to listen, think, speak, read, write, spell, or do mathematical calculations, including conditions such as perceptual disabilities, brain injury, minimal brain dysfunction, dyslexia, and developmental aphasia. This disability must result in a severe discrepancy between his/her intellectual ability and achievement in one or more academic areas.
- Traumatic brain injury (TBI). This is a brain injury caused by an accident or some kind of physical force. Services and needs must be on a case-by-case basis based on the severity of the injury.

- Visual impairment (VI) includes both partial sight and blindness impacting educational performance. If eyewear can correct a vision problem, then the student does not qualify under the definition of visual impairment.

### *What exactly is an IEP?*

An Individualized Education Plan (IEP) is written to annually provide a child with a disability with a specially designed education. It will include eligibility status, present levels, accommodations, modifications, and goals. IEP goals are written to show “meaningful educational benefit” for students based on their ability level. The IEP is written, updated, reviewed, and agreed upon every year. Initial tests are conducted to determine eligibility and every three years testing must be conducted to determine ongoing eligibility.

### *What is a modified curriculum?*

A modified curriculum is a change in what is being taught to or expected from the student to adjust for a reduced comprehension level and may entail changing some or all of the curriculum. The curriculum is adjusted to the child's instructional level which may be one grade level below or several and should be agreed upon between parents & teachers. Students on a modified curriculum are not eligible for a high school diploma but may receive a certificate of completion upon completing high school.

### *What is a 504 plan?*

Students who do not qualify for an IEP may sometimes be offered a 504 plan. A 504 Plan is a blueprint for how the school will provide support and remove barriers for a student with a disability. It may provide accommodations, services, supports, and any other agreed-upon reasonable changes to the learning environment to enable students to learn alongside their peers. Unlike an IEP, there is no standard 504 Plan; however, a school site may have a structured form. These plans may vary from student to student as it is based on individual needs. The plan is reviewed yearly and every three years for continued eligibility.

### *What are adaptations?*

Adaptations are frequently used by teachers. They are quick and easy changes to the classroom environment such as moving an easily distracted child away from the window, providing blockades, noise reduction headphones or seating the student closer to the front. Adaptations provide access for a student with a disability to participate in a course, standard, or test but does not alter or lower the course standards. Some adaptations may be found on 504 Plans or IEPs.

### *What are accommodations?*

Accommodations are frequently used by teachers and are methods used to assist with student learning without changing the academic content. These are often found on 504 Plans or IEPs and are based on student needs and/or disabilities. The following types are listed below:

*Presentation* - the way information is presented.

*Response* - the way a student completes an assignment.

*Setting* - the environment of the student

*Time/schedule* - dates, days, hours, minutes, and other time issues

*Organizational* - the ability to keep a student organized and focused.

*Study* - methods to teach students to retain information and self-study, which may be called accommodations or simply strategies.

### *Students enrolling with an IEP*

Method Schools is a charter school that facilitates admissions for a student with an IEP in the same manner as for a student without an IEP per federal and state laws. Students will provide the same enrollment information as non-IEP students such as proof of residency, a legal form of identification for the child, and vaccination records, etc. Typically, students enroll and then provide the IEP. We explain that for students transferring from a traditional in-person campus within the same school district, the IEP will usually stay in place with possible minor word changes to reflect an online at-home setting instead of in-classroom instruction. For example, an IEP may state that the student will go to a specific classroom for instruction and testing; however, the IEP language should be changed to state learning and assessments will be achieved through Method Schools' online framework, and parents acknowledge this fact and may choose to enroll their child with the stated understanding. If the student relocates from another school district, we provide comparable services and maintain the original IEP as much as reasonably possible, disclosing adaptations and accommodations to Method's virtual instruction format. An initial 30-day IEP meeting is scheduled as soon as possible after official enrollment to review the existing IEP, and parental input is highly encouraged. A copy of parental rights is always provided to the parents and included with the proposed IEP draft that will be discussed at the 30-day IEP meeting.

In cases where a student enrolls from another state, the procedures are slightly different. We still have the initial 30-day IEP meeting, provide a copy of parental rights, and offer temporary comparable services and/or accommodations, but we also explain that the state of California requires us to assess the student to ensure that he/she meets the state's qualifications for special education in California. Parents are requested to sign a testing consent form and another meeting is scheduled after assessment for IEP qualification has been completed by a state-approved professional who is authorized to assess students for special education services. The current timeline for this phase is within 60 days to allow sufficient time for student assessments but we will seek a timelier testing period to allow the subsequent IEP determination meeting to occur as soon as possible. We follow this protocol in compliance with EDC 5604(c), which states, "Once a child has been referred for an initial assessment to determine whether the child is an individual with exceptional needs and to determine the educational needs of the child, these determinations

shall be made, and an individualized education program team meeting shall occur within 60 days of receiving parental consent for the assessment, pursuant to the subdivision." In the event a student does not qualify for the special education program under California's criteria, we inform parents their children might qualify for appropriate accommodations and/or services as provided by a 504 Plan pursuant to the Rehabilitation Act of 1973. The parameters of inclusion in such a plan are discussed with parents for their approval, or should parents decide to decline the 504 Plan option, the child is retained at Method Schools as a general education student.

## Child Find

Method Schools participates in a comprehensive "child find" protocol to identify students who have or may have exceptional needs. All instructional, support and administrative staff seek to participate in the "child find" protocol of the special education local plan area (SELPA). These systems include a variety policies and practices that are not limited to the following:

- Comprehensive post-enrollment practices that aim to identify students with exceptional needs in order to ensure that all instructional, support and administrative staff is aware of all students who have identified special needs
- Continuous efforts to maintaining and nurturing relationships with all feeder local education agencies to request and obtain cumulative files and other documents in a timely fashion
- Ongoing professional development and training for all instructional, support and administrative staff, to ensure proper identification of special needs within all students
- As part of the Multi-tiered Support System, continuously review and monitor all student assessment data, including state mandated testing and all internal assessments in order to identify students who may be falling behind expectations in their academic progress and are in need of additional support or services

## School Policy

### Confidentiality

Please notify our enrollment specialists should your contact information change and provide any updated proof of residency for your new address. Our staff will update the records accordingly. Correct contact information ensures that curriculum materials and important school notices are mailed to the correct student address. Parents are requested to update their account information in the online curriculum should their email address change. Communication is often sent via email to the email address listed in the online curriculum. Thus, we would like to keep all records up-to-date.

## Code of Conduct

Freedom of speech and expression is valued not only throughout society but also, and particularly, in the academic setting. No more is this so than in the classroom.

At Method Schools, a classroom is defined as many different locations. These may include, but are not limited to:

- Online classroom sessions.
- Any Method Schools event
- Any Method Schools community area.

As a diverse community of learners, students must strive to work together in a setting of civility, tolerance, and respect for each other in an environment that does not distract from the mutual commitment to academic inquiry and reflection. To that end, the following code of classroom etiquette has been established.

- When participating in class dialogue, no one monopolizes discussions to the exclusion of others, either in terms of time or opinions expressed.
  - Conflicting opinions among members of a class are respected and responded to in a professional manner.
  - No side conversations or other distracting behaviors are engaged in during class discussions or presentations.
  - No offensive comments, language, or gestures are part of the classroom environment.
  - Posting anonymous messages is not permitted unless authorized by the course's online teacher.
- Impersonating another person is also strictly prohibited.
- Use only your own username and password, and do not share these with anyone.
  - Do not post personal information (any social media, YouTube, Facebook, email address, etc.)
  - Do not interfere with other users' ability to access Method Schools or disclose anyone's password to others or allow them to use another user's account. **You** are responsible for all activity that is associated with your user name and password.
  - Do not download, transmit or post material that is intended for personal gain or profit, non- Method Schools commercial activities, non-Method Schools product advertising, or political lobbying on a Method Schools owned instructional computing resource.
  - Do not use Method Schools instructional computing resources to sell or purchase any illegal items or substances.
  - Do not upload or post any software on Method Schools instructional computing resources that are not specifically required and approved for your assignments.

- Do not post any MP3 files, compressed video, or other non-instructional files to any Method Schools server.
- Posting material that is obscene or defamatory or which is intended to annoy, harass or intimidate another person. This includes distributing “spam” mail, chain email, viruses, or other intentionally destructive content.

Adherence to this code of conduct will enable students to receive the most from their academic endeavors and should be seen as a regular and voluntary compact among faculty and students. Any infraction of this code, however, that is deemed to be materially or substantially disruptive of the learning environment is cause for removal of a student from a class or for student disciplinary proceedings.

### *Bullying and Intimidation*

Method Schools believes that all students have a right to a safe and healthy school environment. To that end, the schools and community have an obligation to promote mutual respect, tolerance, and acceptance. Method Schools will not tolerate any act of intimidation including direct physical contact, gestures, comments, threats or actions, either written, verbal or physical, which cause, threaten to cause or are likely to cause bodily harm, social isolation, manipulation, or personal degradation at any school site, at any school activity whether on or off campus, while traveling to and from school or a school sponsored activity, or during the lunch period, whether on or off the school site.

## Discipline

In order to promote learning and protect the safety and well-being of all students, Method Schools adheres to the Suspension and Expulsion guidelines established by California Education Code Section 48900. When a student interferes with the learning, safety, and well-being of students, it may be necessary to suspend or expel a student from regular classroom instruction. Staff shall enforce disciplinary rules and procedures fairly and consistently amongst all students.

Discipline includes but is not limited to advising and counseling students, conferring with parents/guardians, detention during and after school hours, and the use of alternative educational environments, suspension and expulsion. Suspended or expelled students shall be excluded from all school and school-related activities unless otherwise agreed during the period of suspension or expulsion.

A student identified as an individual with disabilities or for whom the School has a basis of knowledge of a suspected disability pursuant to the Individuals with Disabilities in Education Improvement Act (“IDEIA”) or who is qualified for services under Section 504 of the Rehabilitation Act of 1973 (Section 504) is subject to the same grounds for suspension and expulsion and is accorded the same due process procedures applicable to regular education students except when

federal and state law mandates additional or different procedures. The School will follow Section 504 of the Rehabilitation Act, Individuals with Disabilities in Education Improvement Act (IDEIA), the Americans with Disabilities Act (ADA) of 1990 and all federal and state laws when imposing any form of discipline on a student identified as an individual with disabilities or for whom the School has a basis of knowledge of a suspected disability or who is otherwise qualified for such services or protections in according due process to such students.

## Dress Code

It is important to require a standard of dress for when students attend a school-related event. These instances include (but are not limited to) online web conferences, outings, testing, community day, etc. Clothing worn should promote the learning process and appropriate behavior. It is expected that students will wear clothing that is consistent with their health, safety, and welfare.

The following standard of dress must be observed in these instances:

- Shorts and skirts must be longer than the tips of fingers when arms are relaxed at sides.
- No strapless or backless tops or dresses.
- No bare midriffs.
- No low-cut tops revealing cleavage.
- Undergarments must not show (i.e., saggy pants or sheer clothing).
- No item of clothing may display foul or derogatory language or artwork.

## Student Records

Your student's records may be viewed at any time pursuant to the Notification of Rights under FERPA. Please provide our office with five (5) days' notice so that the record may be pulled. The record must be viewed in the presence of a Method Schools administrative staff member.

Method Schools' Registrar will send a Release of Student Records form to your student's previous school upon enrollment in order to obtain your student's records. It is the responsibility of your previous school to mail the records to Method Schools at that time.

Should you decide to withdraw from Method Schools and transfer to a new school, your new school will contact Method Schools to request your student's records, and we will mail the records to them.

Homeroom teachers will conference with students and parents the week after report cards are sent out for Semester 1. Parents will be invited to their student's scheduled 1 to 1 for a remote call in or zoom.

## Progress Reports

Progress reports are sent out quarterly. These are mid-point progress grades between semester grades. Homeroom teachers may give more frequent reports at that discretion and that of a SSM and department lead. Greater frequency of progress reports will occur with Academic and Attendance Action Plan.

## Middle School Policies

### Middle School Academic Policy

#### Progress in Curriculum

Method Schools offer students, in the state of California, the opportunity to work in a self-paced learning environment where academic course levels are tailored to meet the student at his/her point of need. With this being said;

- Progress is logged daily. Students must make continuous progress (actively engaged and completing assignments) in the curriculum.
- Students are required to complete diagnostic testing (done typically three times in the school year) per their homeroom teacher to determine progression.

Students are required to attend daily live subject session courses that will be assigned by their homeroom teacher. Students must attend a live session for each of their assigned courses and Targeted Direct Instruction if assigned to the student. Students may receive additional support via study halls.

#### Lack of Progress

Teachers will send parents/students an email reminder if there has been no academic engagement documented in SF by 3:00 pm. It is expected that students will login to SF to either work in their courses or record other academic activities into their Learning Journals by 11:00 pm.

If there is no recorded activity in SF or SF learning journal, it is considered an unexcused absence and will be handled according to the response below:

#### Grade Level Promotion

Method Schools start with the expectation that most of our students who regularly attend school will be promoted to the next grade level by the end of the school year. Grade-level promotion is not based solely on percentages, numbers of lessons completed, or test scores. Rather, grade-level promotion is based on a more comprehensive view that includes satisfactory progress in skill development, acceptable attendance, prior school experience, and achievement on lesson assessments and teacher assessment of student ability. As would be the case in a traditional

classroom, students at Method will exhibit a significant range of achievement in a certain grade and most students in this range will move to the next grade.

### Report Cards

Method Schools will provide a written report card or progress report for each student:

- At the end of each QUARTER (Progress report)
- At the end of each SEMESTER (Report card)

The report card will include an indicator of the student's progress as well as a short narrative report provided by the child's teacher.

### Grades 6-8 Grading Scale

A	95 - 100
A-	94 - 90
B+	87 - 89
B	85 - 86
B-	80 - 84

C	75 - 76
C-	70 - 74
D+	67 - 69
D	65 - 66
D-	60 - 64
F	Below 60

Each report card is a “snapshot,” an important indicator of where a student is in his or her lesson schedule in a particular grade. Progress and achievement will vary according to lesson planning, teaching schedules, the date when a student enrolls, the student's learning style, and aptitude.

Students beginning after the start of school will receive a progress report based on the completion of lessons in accordance with the amount of time they have been enrolled.

### Late Work

The belief and expectation of our faculty and school governance structure is that our students will work to exceed their goals and personal expectations. Method Schools Faculty strives to support

all students in this endeavor. The course instructor and/or homeroom teacher will work to support students with missing or late assignments. Grading and content penalties may apply to assignments once submitted.

## Middle School Attendance Policy

### Independent Study Master Agreement (ISMA)

California Independent Study regulations require that any student enrolled in Method Schools has signed an Independent Study Master Agreement on file for each year they are enrolled. The student, the parent/guardian and our teachers must sign the agreement. Additionally, should a learning coach other than the parent/guardian be responsible for instruction, he/she must also sign the Master Agreement. Please work with your teacher to ensure that your child's ISMA is signed in a timely manner.

***"Failure to provide a signed Independent Study Master Agreement prior to each year will result in your child's withdrawal from our program due to this state requirement."***

Due to the enrollment requirements of our school, if your teacher is unable to contact you for 2 days, Method will attempt contact via phone requesting contact. If after these procedures have been followed and contact has not been made within 24 hours, it will be assumed that your child is enrolled in another educational program and your child will be withdrawn.

### Mid-Year Enrollment

Students will be provided with the pacing guide. If a student is withdrawn for failing to meet the enrollment requirements, the student will not be able to re – enroll for the remainder of the current academic year and one academic year following.”***

## High School Policies

### Daily Academic Engagement

Students must engage in academic activity each scheduled school day, Monday through Friday. Examples of academic activities include viewing lessons, completing quizzes, submitting assignments, and meeting with teachers. Work in iXL, meetings with teachers, and attending study halls are also considered academic activities. If students do not login to Smart Fox while completing academic activities (for instance, reading or writing assignments outside of Smart Fox, academic project participation, iXL, meetings with teachers, etc.), **students must record those activities into their Learning Journals via the SmartFox Student Dashboard Missing Activity Report.**

### 3:00 PM Attendance Letter

If there has been no academic engagement documented in Smart Fox by 3:00 pm, Monday through Friday, Teachers will send parents and students an email reminder.. It is expected that students will

login to Smart Fox to work in their courses or record other academic activities into their SmartFox Learning Journals that evening.

If there is no recorded activity in SmartFox or the students Smart Fox Learning Journal, it is considered an unexcused absence and will be handled according to the response below:

## Meeting Participation

**1 on 1 Meetings** - Students must attend weekly or 2x weekly 1 on 1 Mentor Teacher meetings. If a student is unable to attend their scheduled meeting, they must provide a 24 hour notice to the Mentor Teacher. Missing a 1 on 1 meeting with no 24 hour notice will result in an unexcused participation absence and a letter of notification will be issued to parent, student, and Student Success Manager.

Missing 2 consecutive 1 on 1 meetings will result in a mandatory Parent Teacher Conference that parents and students must attend. Students who miss more than four 1 on 1 meetings in any one semester will be recommended for an SST (Student Success Team Meeting) and are at risk of withdrawal.

**Study Halls/Office Hours** - Study Hall participation is voluntary for students who are academically on track. Mentor Teachers may require students to attend Study Halls as an academic support intervention any time a student's grade drops below a 60% based on low scoring graded items or falling behind the assigned pacing guide.

After the grade is above 60%, attendance is again voluntary. Once a Study Hall is assigned by the Mentor Teacher and a student fails to attend, it is considered a participation absence and falls under the same policy as missed 1:1 meetings: Missing 2 consecutive assigned Study Hall meetings, either excused or unexcused, will result in a mandatory Parent Teacher Conference that parents and students must attend. Students that miss more than 4 assigned Study Halls in any one semester will be recommended for an SST and are at risk of withdrawal.

## Academics

### Course Placement

After initial enrollment, IXL Language Arts and Math placement diagnostic assessment, and counselor review of transcripts and/or withdrawal grades for previous high school, students will be enrolled into 6 courses equalling 30 credits unless there are extenuating circumstances for which a credit variance agreement will need to be drafted and signed by parent, student, Homeroom Teacher, Counselor, and Grade Level Lead.

### Personalized Pacing

Based upon results of initial IXL Reading and Math placement diagnostic exam and review of past academic performance, each course will have personalized pacing options available to best fit students needs.

### *Accelerated Pacing*

To qualify for accelerated pace Math and English courses (6 week completion pace), students must score at or above grade level on their IXL Reading and Math Placement diagnostic assessment. All students, including those that placed at or above grade level on their placement assessment, may participate in full semester Math and English courses.

### *Satisfactory Progress*

Students are expected to maintain satisfactory academic progress in all assigned courses and complete assigned work **daily**, Monday through Friday. We recommend that students spend between 4-6 hours per day participating in academic activities. Progress reports are sent to parents frequently each semester.

Mentor teachers will work with students to make sure the weekly assigned work is challenging and yet feasible. To assist students that struggle with completing 6 week or 9 week courses successfully, homeroom teachers will discuss the option of conversion to a semester length course. Any failed course will need to be repeated either by enrollment into a Credit Recovery version of the course or repeating the full course. NCAA students must repeat the full course.

### *Targeted Direct Instruction (TDI)*

Additionally, to ensure that all students attain proficiency in Math and Language Arts, 9th-11th grade students are required to complete meet proficiency in the assigned iXL skill for the week of personalized Language and Math instruction via iXL weekly in addition to the work in their SmartFox courses. For students needing additional academic support, study hall sessions may be assigned.

### *Summer School*

Students who do not maintain satisfactory progress in credit completion will be required to attend summer school to remain on track for graduation.

## Graduation Requirements

In order to prepare students for a rigorous post-secondary education, Method Schools offers a course catalog that includes courses that are University of California a-g approved and align to the state's academic standards.

Any student coming to Method Schools having earned Fs in any core classes (English, Math, Social Science, or Science) will be required to make up these grades before beginning any additional coursework, through the completion of credit recovery courses designed specifically for students who have previously failed courses.

*Additionally, any student wishing to attend Method Schools at the beginning of any school year, but coming in with previously failed core classes, will be required to begin school on the first day of the new school year.*

As it is our goal to prepare every high school student for their post-secondary education or career, graduation requirements differ based on the student's chosen HS Pathway. Teachers and Counselors will work with each student, based on their chosen pathway, to best prepare them for their post-high school plans.

Upon enrollment, students self-identify themselves as looking to follow one of four possible HS Pathways (See requirements below):

- **College-Bound:** Students will be preparing for attendance at a 2-or 4-year college
- **Career Technical Education (CTE):** Students who plan to go directly to a trade school or career

## Changes in Class Schedule

Students may drop with a W no later than the drop dates established by Method Schools calendar.

Drops after the deadline shall receive an **F** grade on his/her transcript unless otherwise decided by the school director or designee because of extenuating circumstances.

Attendance for students marked with a W will also be marked as “No Activity” (Red) if they drop both classes or did no work in general. Students will be marked drop on the day of the drop, not the day of last work.

## Requirements for Concurrent Enrollment in Community College

High school students actively enrolled at Method Schools are expected to complete the majority, if not all, of their high school-earned credits in Method Schools approved catalog courses. Students may earn credit from a California community college, based on review and approval of the course or courses by Method Schools. Students must complete the college's Concurrent Enrollment form and submit it to Method Schools for approval. Students must submit the form and be granted approval prior to beginning the course. Method Schools will approve or not approve the submitted course, based on demonstrated rigor, alignment to the standards, need, student status in their Method Schools courses, and to Method Schools Board approved graduation requirements. Approved courses may or may not be eligible for UC A-G approval.

Method high school students wishing to enroll in a community college must submit all forms to their Method College Counselor prior to enrollment in each semester he/she wishes to participate. Students are free to select courses they're interested in, but the counselor may suggest courses that meet their educational needs. Students will only be permitted to register for classes that their counselor approves. Each form needs to be signed by the student's Method Schools Counselor. Students must also have the signature of a parent or guardian authorizing the student's participation in the program on their Concurrent Enrollment form.

Students are limited to six units, or two classes, per semester if they are in good academic standing with Method Schools.

All coursework taken will appear on the student's community college transcript. If the coursework is pre-approved the student will receive credit from Method Schools on their high school transcript. Method Schools accepts no financial responsibility for students taking community college courses and students must be aware that there are possible book, lab, and other costs associated with attendance at the community college.

The community college is not responsible for the supervision of minor students anywhere on campus outside of the classroom setting. College faculty are not expected to wait with students until their ride arrives. At times, classes may be dismissed early.

Students must adhere to all college policies on course requirements, attendance, dates and deadlines, and any other applicable policies and procedures including the Student Code of Conduct. See the college catalog or schedule of classes for policies.

### Steps for High School Concurrent Enrollment

1. Select a College, read the class schedule, and choose a course you would like to take.
2. Meet with your Method Schools Counselor to discuss course choice.
3. Get your parent's approval for attending a college class.

4. Complete an admissions application from the community college as a Concurrent Enrollment or Dual Enrollment student.
5. Submit the high school concurrent enrollment to the Method Schools Counselor to obtain his/her signature and discuss your selection. Some colleges submit these documents to counselors digitally so be sure you have your Method Schools counselor's correct email address.
6. Students may be required to take assessments if enrolled in English, Math, or ESL courses and must adhere to any prerequisite requirements.
7. In order for students to receive their concurrent enrollment credit, Method Schools must receive the final transcript with the class taken from the community college.

The school recommends that children undergo a yearly speech, hearing, and eye examination.

Method Schools recognizes that pregnant and parenting pupils are entitled to accommodations that provide them with the opportunity to succeed academically while protecting their health and the health of their children. A pregnant or parenting pupil is entitled to eight (8) weeks of parental leave, or more if deemed medically necessary by the pupil's physician, which the pupil may take before the birth of the pupil's infant if there is a medical necessity and after childbirth during the school year in which the birth takes place, inclusive of any mandatory summer instruction, in order to protect the health of the pupil who gives or expects to give birth and the infant, and to allow the pregnant or parenting pupil to care for and bond with the infant. the regular school program. Upon return to school after taking parental leave, a pregnant or parenting pupil will be able to make up work missed during the pregnant or parenting pupil's leave, including, but not limited to, makeup work plans and re enrollment in courses. Notwithstanding any other law, a pregnant or parenting pupil may remain enrolled for a fifth year of instruction in Method Schools if it is necessary in order for the pupil to be able to complete any graduation requirements, unless Method Schools determines that the pupil is reasonably able to complete the graduation requirements in time to graduate from high school by the end of the pupil's fourth year of high school. Complaints of noncompliance with laws relating to pregnant or parenting pupils may be filed under the Uniform Complaint Procedures ("UCP") of Method Schools. The complaint may be filed in writing via the website. A copy of the UCP is available for download on the school website. For further information on any part of the complaint procedures, including filing a complaint or requesting a copy of the complaint procedures, please contact the Director of Schools.

### School Safety Plan

Method Schools is committed to ensuring that students enrolled in this School, and all employees attend campuses that are safe and secure. The School believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the School. The School intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school site committee will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

Method Schools has established a Comprehensive School Safety Plan. The Plan is available upon request via the website.

## State Testing: CAASPP

As members of a public charter school, our students participate in all state-mandated tests. Participation rates are critical to the success of our school. According to recent regulations, a public school is required to achieve a participation rate of 95% on any state testing. If a school has less than 95% of its students participate in any assessment, the school runs the risk of receiving a serious penalty by the state of California.

A testing schedule will be distributed to all families. Individual student performance results on statewide achievement testing will be distributed to both parents and teachers in a timely manner.

## Surveys About Personal Beliefs

Unless the student's parent/guardian gives written permission, a student will not be given any test, questionnaire, survey, or examination containing any questions about the student's, or the student's parents' or guardians' personal beliefs or practices in sex, family life, morality, or religion.

#### Method Schools Board Policy 5100

#### Notification of Rights of Children of Military Families and Other Protected Pupils

A pupil who is a “child of a military family” is defined as a school-aged child or children, enrolled in kindergarten through twelfth grade, in the household of an active duty member. “Active duty” means full time status in the active uniformed service of the United States, including members of the National Guard and Reserve on active duty orders pursuant to 10 U.S.C. sections 1209 and 1211. Children of military families who transfer between schools any time after the completion of the pupil’s second year of high school shall be exempt from all coursework and other graduation requirements adopted by the governing board of the local educational agency that are in addition to the statewide coursework requirements, unless the local educational agency makes a finding that the child of a military family is reasonably able to complete the local educational agency’s graduation requirements in time to graduate from high school by the end of the pupil’s fourth year of high school.

Within 30 days of the child of a military family’s transfer into a school, the local educational agency should determine whether the child of a military family is reasonably able to complete the local educational agency’s graduation requirements within the pupil’s fifth year of high school. If the pupil is reasonably able to complete the local educational agency’s graduation requirements within a fifth year of high school, the local educational agency shall do all of the following:

- (1) Inform the pupil of his or her option to remain in school for a fifth year to complete the local educational agency’s graduation requirements.

- (2) Inform the pupil, and the educational rights holder, about how remaining in school for a fifth year to complete the local educational agency's graduation requirements will affect the pupil's ability to gain admission to a postsecondary educational institution.
- (3) Provide information to the pupil about transfer opportunities available through the California Community Colleges.
- (4) Permit the pupil to stay in school for a fifth year to complete the local educational agency's graduation requirements upon agreement with the pupil, if the pupil is 18 years of age or older, or, if the pupil is under 18 years of age, upon agreement with the educational rights holder.

Within 30 calendar days of the date that a pupil who is a child of a military family who may qualify for the exemption from local graduation requirements transfers into a school, the school district shall notify the pupil and the pupil's parent or guardian of the availability of the exemption and whether the pupil qualifies for an exemption.

If the District fails to provide timely notice, the pupil shall be eligible for the exemption from local graduation requirements, even if that notification occurs after the pupil no longer meets the definition of "a child of a military family." If a child of a military family is exempt from local graduation requirements pursuant to this section and completes the statewide coursework requirements before the end of his or her fourth year of high school and that pupil would otherwise be entitled to remain in attendance at the school, a school or local educational agency shall not require or request that the pupil graduate before the end of his or her fourth year of high school, nor shall the child of a military family be required to accept the exemption or be denied enrollment in courses for which they are otherwise eligible.

If a child of a military family is not exempt from local graduation requirements or has previously declined the exemption pursuant to this section, a local educational agency shall exempt the pupil at any time if an exemption is requested by the pupil and the pupil qualifies for the exemption. The exemption shall apply after the pupil no longer meets the definition of "a child of a military family" while he or she is enrolled in school or if the pupil transfers to another school or school district.

A school district shall not require and a parent or guardian shall not request a child of a military family to transfer schools solely to qualify the pupil for an exemption under this section.

The local educational agency shall accept coursework satisfactorily completed by a pupil who is a child of a military family while attending another public school (including schools operated by the United States Department of Defense), a juvenile court school, or a nonpublic, nonsectarian school or agency even if the pupil did not complete the entire course and issue that pupil full or partial credit for the coursework completed.

The local educational agency may not require a child of a military family to retake a course if the pupil has satisfactorily completed the entire course in a public school, a juvenile court school, or a nonpublic, nonsectarian school or agency. If the pupil did not complete the entire course, the local educational agency may not require the pupil to retake the portion of the course the pupil completed unless the local educational agency in consultation with the educational rights holder, finds that the pupil is reasonably able to complete the requirements in time to graduate from high school. When partial credit is awarded in a particular course, the child of a military family shall be enrolled in the same or equivalent course, if applicable, so that the pupil may continue and complete the entire course. The pupil shall not be prevented from taking or retaking a course to

meet eligibility requirements for admission to the California State University or University of California.

A complaint of noncompliance with the requirements of this section may be filed with the local educational agency under the Uniform Complaint Procedures set forth in Chapter 5.1 (commencing with Section 4600) of Division 1 of Title 5 of the California Code of Regulations. A complainant not satisfied with the decision of a local educational agency may appeal the decision to the CDE and shall receive a written decision regarding the appeal within 60 days of the CDE's receipt of the appeal. If a local educational agency finds merit in a complaint, or the Superintendent finds merit in an appeal, the local educational agency shall provide a remedy to the affected pupil.

The above protections shall also apply to pupils in foster care, pupils who are homeless, former juvenile court school pupils, migratory children, and pupils participating in a newcomer program, as defined in Education Code section 51225.2(a)

### Educational Records and Student Information Policy

Your student's records may be viewed at any time pursuant to the Notification of Rights under FERPA. Please provide our office with five (5) days notice so that the record may be pulled. The record must be viewed in the presence of Method Schools Administrative Staff Member. Students who transfer into Method Schools will complete the Release of Student Records Form Included in the student enrollment package. Our office will send this form to your student's previous school upon receipt in order to obtain your student's records. It is the responsibility of your previous school to mail the records to Method Schools at that time. Should you decide to withdraw from Method Schools and transfer to a new school, your new school will contact Method Schools to request your student's records, and we will mail the records to them. Should you decide to withdraw from Method Schools and teach in the home, please contact our school offices and we will email a copy of your student records to you.

The Family Educational Rights and Privacy Act (FERPA) affords parents and students who are 18 years of age or older ("eligible students") certain rights with respect to the student's education records. These rights are:

1. The right to inspect and review the student's education records within 45 days after the day Method Schools receives a request for access.  
Parents or eligible students who wish to inspect their child's or their education records should submit to the school principal [or appropriate school official] a written request that identifies the records they wish to inspect. The school official will make arrangements for access and notify the parent or eligible student of the time and place where the records may be inspected.
2. The right to request the amendment of the student's education records that the parent or eligible student believes are inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

Parents or eligible students who wish to ask the Method Schools to amend their child's or their education record should write the school principal [or appropriate school official], clearly identify the part of the record they want changed, and specify why it should be changed. If the school decides not to amend the record as requested by the parent or eligible student, the school will notify the parent or eligible student of the decision and of their right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the parent or eligible student when notified of the right to a hearing.

3. The right to provide written consent before the school discloses personally identifiable information (PII) from the student's education records, except to the extent that FERPA authorizes disclosure without consent. One exception, which permits disclosure without consent, is disclosure to school officials with legitimate educational interests. The criteria for determining who constitutes a school official and what constitutes a legitimate educational interest must be set forth in the school's or school district's annual notification for FERPA rights. A school official typically includes a person employed by the school or school district as an administrator, supervisor, instructor, or support staff member (including health or medical staff and law enforcement unit personnel) or a person serving on the school board. A school official also may include a volunteer, contractor, or consultant who, while not employed by the school, performs an institutional service or function for which the school would otherwise use its own employees and who is under the direct control of the school with respect to the use and maintenance of PII from education records, such as an attorney, auditor, medical consultant, or therapist; a parent or student volunteering to serve on an official committee, such as a disciplinary or grievance committee; or a parent, student, or other volunteer assisting another school official in performing his or her tasks. A school official typically has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the [School] to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
400 Maryland Avenue, SW  
Washington, DC 20202

FERPA permits the disclosure of PII from students' education records, without consent of the parent or eligible student, if the disclosure meets certain conditions found in § 99.31 of the FERPA regulations. Except for disclosures to school officials, disclosures related to some judicial orders or lawfully issued subpoenas, disclosures of directory information, and disclosures to the parent or eligible student, § 99.32 of the FERPA regulations requires the school to record the disclosure. Parents and eligible students have a right to inspect and review the record of disclosures. A school may disclose PII from the education records of a student without obtaining prior written consent of the parents or the eligible student –

- To other school officials, including teachers, within the educational agency or institution whom the school has determined to have legitimate educational interests. This includes contractors, consultants, volunteers, or other parties to whom the school has outsourced institutional services or functions, provided that the conditions listed in § 99.31(a)(1)(i)(B)(1) - (a)(1)(i)(B)(3) are met. (§ 99.31(a)(1))
- To officials of another school, school system, or institution of postsecondary education where the student seeks or intends to enroll, or where the student is already enrolled if the disclosure is for purposes related to the student's enrollment or transfer, subject to the requirements of § 99.34. (§ 99.31(a)(2))
- To authorized representatives of the U. S. Comptroller General, the U. S. Attorney General, the U.S. Secretary of Education, or State and local educational authorities, such as the State educational agency (SEA) in the parent or eligible student's State. Disclosures under this provision may be made, subject to the requirements of § 99.35, in connection with an audit or evaluation of Federal- or State-supported education programs, or for the enforcement of or compliance with Federal legal requirements that relate to those programs. These entities may make further disclosures of PII to outside entities that are designated by them as their authorized representatives to conduct any audit, evaluation, or enforcement or compliance activity on their behalf, if applicable requirements are met. (§§ 99.31(a)(3) and 99.35)
- In connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine eligibility for the aid, determine the amount of the aid, determine the conditions of the aid, or enforce the terms and conditions of the aid. (§ 99.31(a)(4))
- To State and local officials or authorities to whom information is specifically allowed to be reported or disclosed by a State statute that concerns the juvenile justice system and the system's ability to effectively serve, prior to adjudication, the student whose records were released, subject to § 99.38. (§ 99.31(a)(5))
- To organizations conducting studies for, or on behalf of, the school, in order to: (a) develop, validate, or administer predictive tests; (b) administer student aid programs; or (c) improve instruction, if applicable requirements are met. (§ 99.31(a)(6))
- To accrediting organizations to carry out their accrediting functions. (§ 99.31(a)(7))
- To parents of an eligible student if the student is a dependent for IRS tax purposes. (§ 99.31(a)(8))

- To appropriate officials in connection with a health or safety emergency, subject to § 99.36. (§ 99.31(a)(10))
- Information the school has designated as "directory information" if applicable requirements under § 99.37 are met. (§ 99.31(a)(11))
- To an agency caseworker or other representative of a State or local child welfare agency or tribal organization who is authorized to access a student's case plan when such agency or organization is legally responsible, in accordance with State or tribal law, for the care and protection of the student in foster care placement. (20 U.S.C. § 1232g(b)(1)(L))

- To the Secretary of Agriculture or authorized representatives of the Food and Nutrition Service for purposes of conducting program monitoring, evaluations, and performance measurements of programs authorized under the Richard B. Russell National School Lunch Act or the Child Nutrition Act of 1966, under certain conditions. (20 U.S.C. § 1232g(b)(1)(K))

## Employee Interactions with Students Policy

Method Schools teachers and staff may not communicate with students via personal text message or direct messaging in any social media platforms.

All communication with students is to be sent only through the following public communication platforms: Smartfox Broadcast Messaging, Zoom, Email, Sagebot and any other Method approved platforms.

Method recognizes its responsibility to make and enforce all rules and regulations governing student and employee behavior to bring about the safest and most learning-conducive environment possible.

### *Corporal Punishment*

Corporal punishment shall not be used as a disciplinary measure against any student. Corporal punishment includes the willful infliction of, or willfully causing the infliction of, physical pain on a student. For purposes of this policy, corporal punishment does not include an employee's use of force that is reasonable and necessary to protect the employee, students, staff or other persons or to prevent damage to property. For clarification purposes, the following examples are offered for direction and guidance of School personnel: A. Examples of PERMITTED actions (NOT corporal punishment) 1. Stopping a student from fighting with another student; 2. Preventing a pupil from committing an act of vandalism; 3. Defending yourself from physical injury or assault by a student; 4. Forcing a pupil to give up a weapon or dangerous object; 5. Requiring an athletic team to participate in strenuous physical training activities designed to strengthen or condition team members or improve their coordination, agility, or physical skills; 6. Engaging in group calisthenics, team drills, or other physical education or voluntary recreational activities. B. Examples of PROHIBITED actions (corporal punishment) 1. Hitting, shoving, pushing, or physically restraining a student as a means of control; 2. Making unruly students do push-ups, run laps, or perform other physical acts that cause pain or discomfort as a form of punishment; 3. Paddling, swatting, slapping, grabbing, pinching, kicking, or otherwise causing physical pain.

### *Acceptable and Unacceptable Staff/Student Behavior*

This policy is intended to guide all School faculty and staff in conducting themselves in a way that reflects the high standards of behavior and professionalism required of school employees and to specify the boundaries between students and staff. Although this policy gives specific, clear

direction, it is each staff member's obligation to avoid situations that could prompt suspicion by parents, students, colleagues, or school leaders. One viable standard that can be quickly applied, when you are unsure if certain conduct is acceptable, is to ask yourself, "Would I be engaged in this conduct if my family or colleagues were standing next to me?" For the purposes of this policy, the term "boundaries" is defined as acceptable professional behavior by staff members while interacting with a student. Trespassing the boundaries of a student/teacher relationship is deemed an abuse of power and a betrayal of public trust. Some activities may seem innocent from a staff member's perspective, but can be perceived as flirtation or sexual insinuation from a student or parent point of view. The objective of the following lists of acceptable and unacceptable behaviors is not to restrain innocent, positive relationships between staff and students, but to prevent relationships that could lead to, or may be perceived as, sexual misconduct. Staff must understand their own responsibility for ensuring that they do not cross the boundaries as written in this policy. Disagreeing with the wording or intent of the established boundaries will be considered irrelevant for disciplinary purposes. Thus, it is crucial that all employees learn this policy thoroughly and apply the lists of acceptable and unacceptable behaviors to their daily activities. Although personal interaction with students certainly fosters learning, student/staff interactions must have boundaries surrounding potential activities, locations and intentions.

#### *Duty to Report Suspected Misconduct*

When any employee reasonably suspects or believes that another staff member may have crossed the boundaries specified in this policy, he or she must immediately report the matter to an administrator. All reports shall be as confidential as possible under the circumstances. It is the duty of the administrator to investigate and thoroughly report the situation. Employees must also report to the administration any awareness or concern of student behavior that crosses boundaries or where a student appears to be at risk for sexual abuse. Examples of Specific Behaviors The following examples are not an exhaustive list: Unacceptable Staff/Student Behaviors (Violations of this Policy) (a) Giving gifts to an individual student that are of a personal and intimate nature. (b) Kissing of any kind. (c) Any type of unnecessary physical contact with a student in a private situation. (d) Intentionally being alone with a student away from the school. (e) Making or participating in sexually inappropriate comments. (f) Sexual jokes. (g) Seeking emotional involvement with a student for your benefit. (h) Listening to or telling stories that are sexually oriented. (i) Discussing inappropriate personal troubles or intimate issues with a student in an attempt to gain their support and understanding. (j) Becoming involved with a student so that a reasonable person may suspect inappropriate behavior. Unacceptable Staff/Student Behaviors without Parent and Supervisor Permission (These behaviors should only be exercised when a staff member has parent and supervisor permission.) (a) Giving students a ride to/from school or school activities. (b) Being alone in a room with a student at school with the door closed. (c) Allowing students in your home.

#### *Cautionary Staff/Student Behaviors*

(These behaviors should only be exercised when a reasonable and prudent person, acting as an educator, is prevented from using a better practice or behavior. Staff members should inform their supervisor of the circumstance and occurrence prior to or immediately after the occurrence) (a) Remarks about the physical attributes or development of anyone. (b) Excessive attention toward a particular student. (c) Sending emails, text messages or letters to students if the content is not about school activities. Acceptable and Recommended Staff/Student Behaviors (a) Getting parents' written consent for any after-school activity. (b) Obtaining formal approval to take students off school property for activities such as field trips or competitions. (c) Emails, text, phone and instant messages to students must be very professional and pertaining to school activities or classes (Communication should be limited to school technology). (d) Keeping the door open when alone with a student. (e) Keeping reasonable space between you and your students. (f) Stopping and correcting students if they cross your own personal boundaries. (g) Keeping parents informed when a significant issue develops about a student. (h) Keeping after-class discussions with a student professional and brief. (i) Asking for advice from fellow staff or administrators if you find yourself in a difficult situation related to boundaries. (j) Involving your supervisor if conflict arises with the student. (k) Informing the School Director about situations that have the potential to become more severe. (l) Making detailed notes about an incident that could evolve into a more serious situation later. (m) Recognizing the responsibility to stop unacceptable behavior of students or coworkers. (n) Asking another staff member to be present if you will be alone with any type of special needs student. (o) Asking another staff member to be present when you must be alone with a student after regular school hours. (p) Giving students praise and recognition without touching them, (q) Pats on the back, high fives, and handshakes are acceptable. (r) Keeping your professional conduct a high priority. (s) Asking yourself if your actions are worth your job and career.

## English Learners

Method Schools meets all applicable legal requirements for English Learners ("EL") in regards to annual notification to parents, student identification, placement, program options, EL and core content instruction, facilitator qualifications and training, reclassification to fluent English proficient status, monitoring and evaluating program effectiveness, and standardized testing requirements. Method Schools has developed policies in place to ensure proper placement, evaluation and support for ELs and the rights of students and parents. In order to identify students who are English learners in a timely fashion and to provide appropriate instructional support and services, all parents are required to complete a Home Language Survey upon enrollment at the school. Cal. Education Code § 52164.1. Students who indicate that their home language is other than English are assessed using the English Language Proficiency Assessment for California (ELPAC). ELPAC assessment takes place within 30 days of the start of the school year or within two weeks after the date of first enrollment at the school, and at least annually thereafter between July 1 and October 31 until re-designated as fluent English proficient.

The English language proficiency of all currently enrolled English learners is assessed in accordance with the test coordinator's directions and California Education Code guidelines. Students with disabilities are permitted to take the test with the accommodations listed in the Education Code if they are specified in the learner's Individualized Education Program ("IEP") or Section 504 plan. An alternate assessment for English language proficiency is administered to learners who are unable to participate in the ELPAC, according to the guidelines set forth in the student's IEP. Method Schools staff notifies parents of the school's responsibility to conduct ELPAC testing and informs parents of ELPAC assessment results within 30 calendar days following receipt of test results from the test coordinator. Parents and guardians are informed of their rights, and they are encouraged to participate in the reclassification process. Results of students' designation and English proficiencies are reported annually to the state on the school's R30-LC report. In addition to the program options that support students who are English learners, teachers utilize Specially Designed Academic Instruction in English (SDAIE) strategies in their instruction, which include a variety of strategies to shelter instruction towards language acquisition and are based on the latest California ELD Standards. Method Schools continues to administer the ELPAC as the state's measure of ELP and for federal accountability under Title III of the ESEA. Students are expected to advance at least 1 ELD level or the equivalent ELPAC Proficiency Level Descriptor, each year. At the end of each school year, the Director or designee uses data including ELPAC scores, progress reports, annual test scores and the student's teachers and parent feedback, to determine if the learner is ready to be reclassified. The Director or designee also collaborates with teachers to present data to determine if a student has progressed to the next ELD Proficiency Level. To evaluate different data sources effectively, Method Schools has established a reclassification process, to determine if an English learner is ready for reclassification. If the student meets or exceeds the standards outlined in the reclassification process, a reclassification letter is sent to these student's parents. Reclassified students continue to be monitored over a two-year period to ensure their continued ability to achieve mastery of the state standards for ELA/Literacy

## Special Education

Method Schools offer special education services within our full-inclusion model general education independent study model. These services are available for all students who have been identified as qualifying for special needs. In compliance with the Individuals with Disabilities Education Improvement Act (IDEIA) and the California Education Code, Method works to both identify and serve eligible children. Any parent who suspects that their child may have a disability should discuss their concerns with their child's regular education teacher. Any Special Education needs or concerns should be directed to the Director. Method Schools complies with all applicable state and federal laws in serving students with disabilities, including, but not limited to the Individuals with Disabilities Education Improvement Act of 2004 ("IDEA"), Section 504 of the Rehabilitation Act of 1973 ("Section 504"), Title II of the Americans with Disabilities Act, and any other civil rights enforced by the U.S. Department of Education Office of Civil Rights ("OCR").

Method Schools complies with all California laws pertaining to special education students and all students are fully integrated into Method Schools' programs with the necessary materials, services, and equipment to support their learning. Method Schools ensures that any student with a disability is properly identified, evaluated and provided with necessary services and supports. Method Schools is solely responsible for its compliance with Section 504 and the IDEA and the resources to be utilized by the school shall be accessible for all students with disabilities. Method Schools meets all the requirements within a learner's Individualized Education Plan and includes all special needs students with non-disabled peers to the maximum extent appropriate according to their IEPs.

Method Schools reserves the right to contract with professionals outside the district. The School will initially be a member of the District Special Education Local Plan Area (SELPA). The school will

not discriminate on the basis of special education needs and the District will ensure that the student's needs are being addressed. The District will provide special education services for the School's special education pupils to the extent of the law.

The School reserves the right to act as its own Local Education Agency (LEA) for the purposes of special education and will make appropriate notification to the District before such plans are made. To the extent the school opts for District delivery of special education services, it will support the District's implementation of these services and will make resources available in a manner consistent with the District's need to provide

Method Schools provides services to all special education students. The School will develop a Memorandum of Understanding (MOU) with the District as to how it will provide evaluation and related services (for example, speech and language, occupational therapy, or physical therapy) that could include third party service providers.

Should the student not qualify for special education services or should the SST decide against formal evaluation, the SST or the parent may request that a 504 Plan meeting be scheduled. At the meeting, if it is determined that the learning process is being limited by a physical or mental condition, a 504 Plan will be developed including instructional and curricular modifications to provide the student with full access to academic programs. This plan will be implemented by Method Schools staff and will be reviewed annually.

### Suicide Prevention Policy

Method Schools understand that it is critical to play a leading role in implementing policies that follow best practices, are developmentally appropriate, and are culturally responsive. Equally important are parents and guardians, who also play a key role in youth suicide prevention. It is critical that school staff members actively and continuously engage and educate parents on suicide prevention policies and practices in place at the school and in the community.

This outlined policy has been utilized from a template offered by a suicide prevention agency and as Method School will continue to further refine this policy and it is further developed. Method Schools has adopted its own suicide prevention curriculum program called Hope Squad and has integrated it into our current LMS for students to utilize.

The school, especially the school psychologist and other school-employed mental health professionals, plays an integral role in suicide prevention. The Policy recommends that each school district designate suicide prevention coordinators at the district and the school levels. These people would help plan and implement suicide prevention policies and practices and be the points of contact when a student, parent, or staff member is concerned that a student is at elevated risk for suicide. Coordinators would work with administrators and other school staff to ensure that additional recommended preventive steps be taken school-wide (for example, that staff receive

annual professional development on how to recognize the warning signs of suicide and make referrals for help; and that developmentally appropriate, student centered education about mental health and suicide prevention be infused into the K–12 health curriculum). School psychologists are critical resources for schools and are a logical choice for serving as these suicide prevention coordinators. School psychologists should also be involved in the development and implementation of suicide prevention education for staff and students. However, it is equally important that school employed mental health professionals receive annual professional development on best practices in risk assessment and crisis intervention so that they are equipped with the knowledge and tools needed to respond safely and effectively when receiving referrals from staff and students.

A key component of supporting overall student wellness and suicide prevention is access to a continuum of school-based mental health supports. Early identification of at-risk students can enhance opportunities for positive outcomes by addressing problems as they first arise. This enables the school, and in particular the school-employed mental health professional, to support the young person and the family in identifying and implementing potential solutions together, before the problem develops into a crisis situation in need of more intensive intervention or treatment. Assessment and referral. It is important to take every statement regarding suicide or a wish to die be taken seriously. Although each school and school district will have unique policies and procedures for conducting threat assessments, the Policy outlines specific actions to take when a young person is thought to be at risk for suicide, when a suicide attempt is made in school, and when an attempt is made outside of the school setting.

In all cases, the school should make every attempt to notify the student's parent or guardian. When a student makes a verbal or written suicide threat, or if the student presents with several risk factors and a staff member is concerned, this student should be seen by a school-employed mental health professional within the same school day. That professional would conduct the risk assessment and facilitate any necessary referrals to an outside mental health agency. If the school-employed mental health professional is not immediately available, the school nurse or school administrator should assist the student until the mental health professional can be brought in. During this time, the student should be under constant supervision to ensure safety, and the suicide prevention coordinator should be made aware of the situation as soon as possible. Additionally, the school-employed mental health professional or principal should notify the student's parent or guardian to assist them with an urgent referral, if necessary, or to help facilitate an appointment with another health care provider. If such a referral is made, school staff should seek permission from the parent or guardian to exchange information with the outside healthcare provider. When a suicide attempt has been made during the school day, all students should be removed from the immediate area as soon as possible and the health and safety of the student who made the attempt should be of primary concern. The student should be supervised until any necessary medical treatment has been provided, per district emergency medical policy. If appropriate, a mental health assessment should be immediately requested and the principal, school suicide prevention coordinator, and the student's parent or guardian should be contacted.

Based on the specific school or district policy, as well as the judgment of the school principal and school mental health staff, additional steps should be taken to ensure the safety and well-being of any students who may have been affected by the suicide attempt. Re-entry procedure. Each school and district will have specific procedures for handling students who are returning to school after a mental health crisis such as a suicide attempt or psychiatric hospitalization based on the specific needs and unique population of the school.

However, The Policy recommends that the following three specific components be a part of any re-entry plan:

- A designated school employed mental health professional will coordinate with the student, family, and any outside mental health providers (if permission was granted).
- The parent or guardian will provide documentation from a healthcare provider that the student is no longer a danger to themselves or others.
- The designated school-employed mental health person will determine what supports are needed to help the student readjust to the school community and meet with him or her periodically to address any concerns.

Postvention: Suicide in a school community is tremendously sad, often unexpected, and can leave a school with many uncertainties about what to do next. Schools need reliable information, practical tools, and pragmatic guidance to help students and the community at-large as they struggle to cope with and respond to the loss. The Policy, coupled with more detailed guidance from NASP and AFS (included in the resource section below) can help.

The specific circumstances surrounding a death by suicide will guide the school and community response. However, to prevent suicide contagion while effectively managing the situation, the Policy suggests the development and implementation of an action plan with the following steps:

- Verify the death: Even if the student's death is perceived to be suicide, it should not be considered such until confirmed by the coroner's office or local police department.
- Assess the situation: The school/district crisis team should consider the impact of the suicide on the student and community population and determine the appropriate resources and supports needed for individual students as well as the general school population.
- Share information: It is important to report only confirmed and factual information to faculty, students, and families. Additionally, the school should inform parents about supports available to students in school, as well as available resources in the community.
- Avoid suicide contagion: The crisis team should work with teachers and families to identify students who may be at a high risk of suicide and those who are most significantly impacted by the student's death.
- Initiate support services: School-employed mental health professionals should collaboratively determine which students need additional risk assessment or mental health support services and implement those as needed.
- Develop memorial plans: School communities often wish to memorialize a student who has died. It can be challenging for schools to strike a balance between compassionately meeting the needs

of grieving students while preserving the ability of the school to fulfill its primary purpose of education. In the case of suicide, schools must consider how to appropriately memorialize the student who died without risking suicide contagion among other students who may themselves be at risk. Treating all deaths in the same way avoids stigma and also protects against inadvertently sensationalizing the suicide loss. Wherever possible, schools should meet with the student's friends and coordinate with the student's family to identify a meaningful, safe approach to acknowledging the loss.

**External Communication:** Following a student suicide, the media will almost certainly want to become involved in reporting the story. Although the school cannot control everything that is reported, there are steps that schools can take to help contain the media firestorm that often follows the report of a suicide. In many cases, a school has a designated media spokesperson who will respond to all media inquiries. The Policy recommends that the media spokesperson:

- Keep the suicide coordinator, superintendent, and other relevant administrators updated on how the school is handling the necessary postvention activities.
- Prepare a statement for the media that only includes confirmation of the death, the school's postvention plans, and available resources.
- Encourage the media to respect the privacy of the student who died and the family, and to avoid sensationalizing the suicide (e.g., putting story on the front page, describing the method of suicide). Additionally, the spokesperson should strongly suggest that the media refrain from speculating about the reason for the suicide.

## Suspension and Expulsion Policy

In order to promote learning and protect the safety and well-being of all students, Method Schools adheres to the Suspension and Expulsion guidelines established by California Education Code Section 48900. When a student interferes with the learning, safety, and well-being of students, it may be necessary to suspend or expel a student from regular classroom instruction or activity. Method Schools staff shall enforce disciplinary rules and procedures fairly and consistently amongst all students.

If a Method Schools administrator does recommend expulsion for a specified offense, a student is entitled to a hearing within 30 school days after that determination, unless the student or parents or guardians request in writing that the hearing be postponed. It is important to note that suspension for students in grades kindergarten to grade eight, inclusive, for disruption or defiance (EC Section 48900[k]) is prohibited, and expulsion for students in kindergarten to grade twelve, inclusive, is also prohibited.

Upon enrollment of the school, Method Schools' teachers ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion.

Pursuant to EC Section 48900 paragraphs (v) and (w) Method Schools will encourage other means of correction, rather than suspension or expulsion, be used to bring about proper conduct as part of a Multi-Tiered System of Supports. This Multi-Tiered System of Supports includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, which may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community. This also includes referral to a School Attendance Review Board for students who are habitually insubordinate or disorderly during attendance at school (EC Section 48263).

Pursuant to EC 48915(c), Method Schools will recommend **mandatory** expulsion in the event that the following acts are committed at school or during a school activity:

1. Firearm
  1. Possessing firearm when a district employee verified firearm possession and when student did not have prior written permission from a certificated employee which is concurred with by the principal or designee.
  2. Selling or otherwise furnishing a firearm.
2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in *Health and Safety Code* Section 11053 et. seq.
4. Committing or attempting to commit a sexual assault as defined in subdivision (n) of EC48900 or committing sexual battery as defined in subdivision (n) of 48900.
5. Possession of an explosive.

Pursuant to EC Section 48915 (a) an administrator shall **recommend** expulsion for the following violations [except for subsections (c) and (e)] unless the administrator finds that expulsion is inappropriate due to a particular circumstance:

1. Causing serious physical injury to another person, except in self-defense. EC Section 48915 (a)(1).
2. Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil. EC Section 48915 (a)(2).
3. Possession and/or use of any substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the *Health and Safety Code*, except for the first offense for

possession of not more than one avoirdupois ounce of marijuana other than concentrated cannabis.

4. Robbery or extortion. EC Section 48915 (a)(4).
5. Assault or battery, or threat of, on a school employee.

The recommendation for expulsion shall be based on one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others [see Section 48915 (b)].

Method Schools will abide by **discretionary** expulsion guidelines pursuant EC 48900 in circumstances where acts committed at school or school activity or on the way to and from school or school activity, including:

1. Inflicted physical injury†
2. Possessed dangerous objects
3. Possessed drugs or alcohol (policy determines which offense)
4. Sold look alike substance representing drugs or alcohol
5. Committed robbery/extortion
6. Caused damage to property‡
7. Committed theft
8. Used tobacco (policy determines which offense)
9. Committed obscenity/profanity/vulgarity
10. Possessed or sold drug paraphernalia
11. Disrupted or defied school staff
12. Received stolen property
13. Possessed imitation firearm
14. Committed sexual harassment
15. Harassed, threatened or intimidated a student witness
16. Sold prescription drug Soma
17. Committed hazing
18. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.

The recommendation for expulsion shall be based on one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others [see Section 48915 (b)].

† Section 48900 (s) (Statutes of 2001) states a pupil who aids or abets in infliction of physical injury to another, as defined in *Penal Code* 31, may suffer suspension, but not

expulsion. However, if a student is adjudged by a court to have caused, attempted to cause, or threatened personal injury, the student may be expelled.

‡ Section 48900 (t) "school property" includes, but is not limited to, electronic files and databases.

### Hearing & Due Process

Pursuant to EC 48918, Method Schools will hold hearings that will include, but are not necessarily limited to, all of the following:

(a) (1) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board of the school district.

(2) Within 10 school days after the conclusion of the hearing, the governing board of Method Schools shall decide whether to expel the pupil, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the governing board of the school district does not meet on a weekly basis, the governing board of the school district shall decide whether to expel the pupil within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent of schools, unless the pupil requests in writing that the decision be postponed.

(3) If compliance by the governing board of Method Schools with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable during the regular school year, the superintendent of schools or the superintendent's designee may, for good cause, extend the time period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impractical due to a summer recess of governing board meetings of more than two weeks, the days during the recess period shall not be counted as school days in meeting the time requirements. The days not counted as school days in meeting the time requirements for an expulsion hearing because of a summer recess of governing board meetings shall not exceed 20 schooldays, as defined in subdivision (c) of Section 48925, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not

later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include all of the following:

- (1) The date and place of the hearing.
- (2) A statement of the specific facts and charges upon which the proposed expulsion is based.
- (3) A copy of the disciplinary rules of Method Schools that relate to the alleged violation.
- (4) A notice of the parent, guardian, or pupil's obligation pursuant to subdivision (b) of Section 48915.1.
- (5) Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. This section does not require a pupil or the pupil's parent or guardian to be represented by legal counsel or by a nonattorney adviser at the hearing.

(A) For purposes of this section, "legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

(B) For purposes of this section, "nonattorney adviser" means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil's parent or guardian to provide assistance at the hearing.

(c) (1) Notwithstanding Section 35145, the governing board of Method Schools shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board of Method Schools may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

(2) If the governing board of the Method Schools or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.

(3) If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

(d) Instead of conducting an expulsion hearing itself, the governing board of Method Schools may contract with the county hearing officer, or with the Office of Administrative Hearings pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct the hearing. The governing board of Method Schools may also appoint an impartial administrative panel of three or more certificated persons, none of whom is a member of the governing board of Method Schools or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three school days after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board of Method Schools. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made, unless the parent, guardian, or responsible adult of the pupil requests another school placement in writing. Before the placement decision is made by the parent, guardian, or responsible adult, the superintendent of schools or the superintendent's designee shall consult with Method Schools personnel, including the pupil's teachers, and the parent, guardian, or responsible

adult regarding any other school placement options for the pupil in addition to the option to return to his or her classroom instructional program from which the expulsion referral was made. If the hearing officer or administrative panel finds that the pupil committed any of the acts specified in subdivision (c) of Section 48915, but does not recommend expulsion, the pupil shall be immediately reinstated and may be referred to his or her prior school or another comprehensive school, or, pursuant to the procedures set forth in Section 48432.5, a continuation school of Method Schools. The decision not to recommend expulsion shall be final.

(f) (1) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board of Method Schools. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board of the Method Schools accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board of Method Schools may order.

(2) The decision of the governing board of Method Schools to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board of Method Schools or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the governing board of Method Schools or the hearing officer or administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h) (1) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board of Method Schools to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

(2) In hearings that include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, evidence of specific instances, of a

complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness' prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

(i) (1) Before the hearing has commenced, the governing board of Method Schools issue subpoenas at the request of either the superintendent of schools or the superintendent's designee or the pupil, for the personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the governing board of Method Schools or the hearing officer or administrative panel may, upon request of either the county superintendent of schools or the superintendent's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11455.20 of the Government Code.

(2) Any objection raised by the superintendent of schools or the superintendent's designee or the pupil to the issuance of subpoenas may be considered by the governing board of Method Schools in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the governing board of Method Schools in response to an objection to the issuance of subpoenas shall be final and binding.

(3) If the governing board of Method Schools hearing officer, or administrative panel determines, in accordance with subdivision (f), that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for in subdivision (f).

(4) Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision of the state, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.

(j) Whether an expulsion hearing is conducted by the governing board of Method Schools or before a hearing officer or administrative panel, final action to expel a pupil shall be

taken only by the governing board of Method Schools in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:

- (1) Notice of the right to appeal the expulsion to the county board of education.
- (2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion.
- (3) Notice of the obligation of the parent, guardian, or pupil under subdivision (b) of Section 48915.1, upon the pupil's enrollment in a new school, to inform that school district of the pupil's expulsion.
- (k) (1) The governing board of Method Schools shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.
- (2) The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

### Tobacco-Free Schools

Method Schools takes the use of tobacco, drugs, or alcohol by any student seriously. Students involved in the possession, sale and/or use of behavior affecting substances shall be subject to disciplinary procedures which may result in suspension or expulsion. Method Schools is committed to taking positive action through education, counseling, parental involvement, medical referral, and police referral in the handling of incidents in the schools involving the possession, sale, and/or use of behavior affecting substances and drug paraphernalia. These substances shall include but not be limited to marijuana, LSD, glue, alcohol, and barbiturates.

School properties may be inspected by school authorities in the interest of maintenance, health and safety. Inspections for the location of drugs, narcotics, liquor, weapons, poisons, and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection by school personnel; so long as such inspections are conducted in accordance with constitutional requirements of applicable state law relating to searches and seizures.

#### Use or Possession

- 1. No internal medication is to be administered to students by school personnel except as prescribed by a doctor.
- 2. Dangerous and narcotic drugs which a student has on prescription for ingestion as prescribed by a doctor must be in their original containers and kept in the nurse's or Director/Principal's office, whichever provides greater security

3. Whenever any staff member has reason to believe that a student may be under drug influence, he/she shall immediately notify the Director/Principal. The Director/Principal, if in agreement, shall notify the parent to come for the student and to remove the student to his/her home, to the jurisdiction of the police, and/or the paramedics.
4. In severe cases, if the parents or the doctor cannot or will not come to the school, the Director/Principal is authorized to call an ambulance to remove the student to a hospital. Parents will be notified of this action and shall be responsible for the incurred expenses.
5. In any first offense in which students illegally use or possess prescription or nonprescription drugs, including alcohol, marijuana, or inhalants, at school or at school activities, the following will result:
  - a. Suspension from school for at least five (5) days.
  - b. Referral to the proper police authority.
  - c. A parent conference.
  - d. A schedule of regular appointments with a school counselor or other school official.

In addition, the following action may be taken:

- a. Transfer to another school or alternative education program as appropriate.
  - b. Recommendation for expulsion.
  - c.. A second incidence of use or possession of illegal drugs within one year at any school or school activity will result in a recommendation for expulsion as provided for in Education Code 48900.
- Selling or Providing

When there is reason to believe that a student is selling or is in possession of drugs, the following procedures listed below will be followed:

1. The school administrator shall advise the local juvenile narcotics officer or law enforcement personnel. Juvenile authorities will make the decision as to whether they or the school will notify the parent.
2. The school administrator will escort the student to the school office and confront him/her with the suspicion. The administrator may notify the police before taking the student to the office. The student should be removed from a classroom by a school administrator or designee when there is reasonable cause.
3. For reasonable cause, a search for drugs may be made by the administrator. This may include searching the student's locker and/or other School-owned facilities such as science drawers, shop lockers, etc. Such search should be conducted by the administrator with at least one other certificated person as witness. No school staff member should search a student, but may ask a student to volunteer for self search. In cases when a personal search seems to be in order, the administrator should call for a law enforcement officer to make the search. Repeated attempts shall be made to notify the student's parent/guardian before the personal search is made.
4. The student may be questioned by the school administrator without notifying the student of his/her rights, but if the administrator believes that a law has been broken, the police will be notified. When there is good evidence that a student has actually used, sold or is in possession of

narcotics or drug paraphernalia on or about school premises or at school-sponsored functions, the police must be notified. Regardless of any legal action taken by the police, the School must immediately suspend the student according to the provisions of BP/AR 5144.1 – Suspension and Expulsion/Due Process. The school administrator may, at his/her discretion, recommend expulsion to the Governing Board.

## Uniform Complaint Procedures

The Board of Directors of Method Schools recognizes that it is responsible for complying with applicable laws and regulations governing educational programs. This document contains rules and instructions about the filing, investigation and resolution of a Uniform Complaint Procedures (UCP) complaint regarding an alleged violation by a local educational agency of state laws or regulations governing educational programs, including allegations of unlawful discrimination, harassment, intimidation, and bullying.

This policy outlines Method Schools' UCP and provides a comprehensive approach to resolution on any complaint. A complaint is a written and signed statement by a complainant alleging a violation of state laws or regulations, which may include an allegation of unlawful discrimination, harassment, intimidation, bullying and charging pupil fees for participation in an educational activity. A complainant is any individual, including a person's duly authorized representative or an interested third party, public agency, or organization who files a written complaint alleging violation of state laws or regulations, including allegations of unlawful discrimination, harassment, intimidation, bullying and noncompliance with laws relating to pupil fees. If the complainant is unable to put the complaint in writing, due to a disability or illiteracy, Method Schools shall assist the complainant in the filing of the complaint.

A pupil fee is a fee, deposit, or other charge imposed on pupils, or a pupil's parents or guardians, in violation of state codes and constitutional provisions which require educational activities to be provided free of charge to all pupils without regard to their families' ability or willingness to pay fees or request special waivers. Educational activities are those offered by a school, school district, charter school, or county office of education that constitute a fundamental part of education, including, but not limited to, curricular and extracurricular activities.

A pupil fee includes, but is not limited to, all of the following:

- A fee charged to a pupil as a condition for registering for school or classes, or as a condition for participation in a class or an extracurricular activity, regardless of whether the class or activity is elective or compulsory, or is for credit.
- A security deposit, or other payment, that a pupil is required to make to obtain any school equipment or supplies.

- A purchase that a pupil is required to make to obtain materials, supplies, equipment, or clothes associated with an educational activity. This document also applies to the filing of complaints which allege unlawful discrimination, harassment, intimidation, and bullying against any protected group as identified under Education Code section 200 and 220 and Government Code section 11135, including those with actual or perceived characteristics such as age, ancestry, color, ethnic group identification, gender expression, gender identity, gender, disability, nationality, national origin, race or ethnicity, religion, sex, sexual orientation, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics, in any program or activity conducted by a local agency, which is funded directly by, or that receives or benefits from any state financial assistance.

The following complaints shall be referred to other agencies for appropriate resolution and are not subject to our UCP process set forth in this document unless these procedures are made applicable by separate interagency agreements:

1. Allegations of child abuse shall be referred to County Dept. of Social Services (DSS), Protective Services Division or appropriate law enforcement agency (or equivalent in the State of Tennessee.)
2. Health and safety complaints regarding a Child Development Program shall be referred to Dept. of Social Services for licensed facilities, and to the appropriate Child Development regional administrator for licensing-exempt facilities (or equivalent in the State of Tennessee.)
3. Employment discrimination complaints shall be sent to the State Dept. of Fair Employment and Housing (DFEH, or equivalent in the State of Tennessee.)
4. Allegations of fraud shall be referred to the Legal, Audits and Compliance Branch in the California Department of Education.

We shall investigate complaints alleging failure to comply with applicable state laws and regulations and/or alleging discrimination, harassment, intimidation, bullying and charging pupil fees for participation in an educational activity and seek to resolve those complaints in accordance with our UCP procedures. In regards to complaints of noncompliance with laws relating to pupil fees, if Method Schools finds merit in a complaint a remedy will be provided to all affected pupils, parents and guardians, that, where applicable, will include reasonable efforts by Method Schools to ensure full reimbursement to all affected pupils, parents and guardians. Our UCP policies shall ensure that complainants are protected from retaliation and that the identity of a complainant alleging discrimination, harassment, intimidation, and bullying remain confidential as appropriate.

The person responsible for receiving and investigating complaints and ensuring our compliance with state laws and regulations is: Jade Fernandez, Senior Director of Schools

Method Schools  
ATTN: Jade Fernandez

38750 Sky Canyon Rd., Suite B  
Murrieta, CA 92563

We ensure that the person above, who is responsible for compliance and/or investigations, is knowledgeable about the laws/programs that he/she is assigned to investigate. Complaints of noncompliance with laws relating to pupil fees are filed with a principal of a school. We shall annually notify in writing our pupils, employees, parents or guardians of our pupils, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties of our UCP process regarding an alleged violation by a local agency or state law or regulations governing educational programs, including allegations of unlawful discrimination, harassment, intimidation, bullying and noncompliance with laws relating to pupil fees. The UCP Annual Notice will be disseminated to all of the six required groups each year and will include information on how to appeal to the CDE. An appeal is a request made in writing to a level higher than the original reviewing level by an aggrieved party requesting reconsideration or a reinvestigation of the lower adjudicating body's decision.

Our UCP Annual Notice shall also advise the recipient of any civil law remedies that may be available under state discrimination, harassment, intimidation, and bullying laws, if applicable, and of the appeal pursuant to Education Code section 262.3. Our UCP Annual Notice shall be in English and in the primary language, pursuant to section 48985 of the Education Code, or mode of communication of the recipient of the notice. A copy of this UCP complaint policies and procedures document shall be available free of charge. Filing a complaint with the Method Schools Emergency or urgent facilities conditions that pose a threat to the health or safety of pupils or staff, and teacher vacancies or misassignments, and complaints that allege discrimination, harassment, intimidation, and bullying, any individual, public agency or organization may file a written complaint with our district superintendent or his or her designee alleging a matter which, if true, would constitute a violation by our LEA of - or state law or regulation governing a program. A complaint of noncompliance with laws relating to pupil fees may be filed with the principal of a school under the Uniform Complaint Procedures and may be filed anonymously if the complaint provides evidence or information leading to evidence to support an allegation of noncompliance with laws relating to pupil fees.

An investigation of alleged unlawful discrimination, harassment, intimidation, and bullying shall be initiated by filing a complaint no later than six months from the date the alleged discrimination, harassment, intimidation, or bullying occurred, or the date the complainant first obtained knowledge of the facts of the alleged discrimination, harassment, intimidation, and bullying. The time for filing may be extended in writing by our district superintendent or his or her designee, upon written request by the complainant setting forth the reasons for the extension. The period for filing may be extended by our superintendent or his or her designee for good cause for a period not to exceed 90 calendar days following the expiration of the six-month time period. Our superintendent shall respond immediately upon a receipt of a request for extension. The complaint shall be filed by one who alleges that he or she has personally suffered unlawful

discrimination, harassment, intimidation, and bullying or by one who believes an individual or any specific class of individuals has been subjected to discrimination, harassment, intimidation, and bullying prohibited by this part.

An investigation of a discrimination, harassment, intimidation, and bullying complaint shall be conducted in a manner that protects confidentiality of the parties and maintains the integrity of the process. Within 60 calendar days from the date of the receipt of the complaint, we shall conduct and complete an investigation of the complaint in accordance with our UCP policies and procedures and prepare a written Decision; also known as a final report. This time period may be extended by written agreement of the complainant.

The investigation shall include an opportunity for the complainant, or the complainant's representative, or both, to present the complaint(s) and evidence or information leading to evidence to support the allegations of non-compliance with state laws and/or regulations. Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations.

Refusal by Method Schools to provide the investigator with access to records and/or other information related to the allegation in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant.

We shall issue a Decision based on the evidence. The Decision shall be in writing and sent to the complainant within 60 calendar days from receipt of the complaint by the local educational agency. The Decision should contain:

- (i) the findings of fact based on the evidence gathered,
- (ii) conclusion of law,
- (iii) disposition of the complaint,
- (iv) the rationale for such disposition,
- (v) corrective actions, if any are warranted,
- (vi) notice of the complainant's right to appeal our LEA Decision to the CDE, and (vii) procedures to be followed for initiating an appeal to the CDE.

Nothing in this document shall prohibit anyone involved in the complaint from utilizing alternative methods to resolve the allegations, such as mediation. Nor are we prohibited from resolving complaints prior to the formal filing of a written complaint. Mediation is a problem solving activity whereby a third party assists the parties to the dispute in resolving the complaint.

Method Schools reserves the right to modify locations for receipt of forms as necessary.

### Instructions for Presentations to the Board by Parents and Citizens

Method Schools ("School") welcomes your participation at the School's Board meetings. The purpose of a public meeting of the Board of Directors ("Board") is to conduct the affairs of the School in public. Your participation assures us of continuing community interest in our School. To assist you in the ease of speaking/participating in our meetings, the following guidelines are provided:

Agendas and "Submit a Public Comment" forms are available via the link on our website on the Board Page. If you wish to speak, please fill out the form and specify the agenda item on which you wish to speak. When addressing the Board, speakers are requested to state their name and address and adhere to the time limits set forth.

**Public Communication on Non-Agenda Issues:** This is an opportunity for members of the audience to raise issues that are not specifically on the agenda. You will be given an opportunity to speak for a maximum of three (3) minutes and total time allotted to non-agenda items will not exceed fifteen (15) minutes. Non-English speakers requiring translation are allotted a maximum of six (6) minutes. Due to public meeting laws, the Board can only listen to your issue and not respond or take action. The Board may give direction to staff to respond to your concern or you may be offered the option of returning with a citizen-requested item

**Agenda items:** To address the Board on agenda items, please specify the item on which you wish to speak on your "Public Comment". You will be given an opportunity to speak for up to three (3) minutes when the Board discusses that item.

**5.0 Reports**

- **CEO:**
  - **Founder Evaluations**
    - Jessica Spallino: There were 4 responses for the CEO and 3 responses for the CBO. Every response was outstanding and we appreciate the positive feedback. If you have any feedback around the modality, the questions, the focus, we're happy to research diversifying the evaluations.
- **CBO:**
  - Mark Holley: We got a positive review from one of our parents. We work hard to get the right kind of staff and teachers.  
We're currently at a good number of students working. The system is acting pretty well, no real downtime. For the most part, it has been a pretty great launch. Next time, we'll do the quarterly marketing update.
- **Senior Director of Schools:**
  - **Student Highlights**
    - Jessica: The new school year has begun for us. We have some graduate data from the end of last year. We had a 92.75% graduation rate for San Diego, and 88.8% for Los Angeles.
    - Question: Steven Dorsey: Do we have the capability in our exit interview to continue to contact graduates through their first year of college? Creating that opportunity to see how they're doing and how we can help.
    - Jessica: Yes, I think we can work on that this year. I think it's a great opportunity to stay in touch and hear how they're doing.  
Summer has started and we're at about 3,000 students. Just about 95% ISMAs have been signed. Staff standouts- we wanted to recognize the summer team. We're having a staff lunch appreciation for them tomorrow. We have some Fall events planned such as a Fall assembly and a coastal

clean up.

## 6.0 Action: 3010 Fiscal Policies & Procedures

**Discussion:** Stefanie Bryant: I made a couple of minor edits to this, on page 6 it clarifies how we'll reimburse mileage and that there are Method vehicles available for employees to use. The other change is on the last page, I split assets out and equipment out because the accounting rules for those are a little different based on dollar limits.

Motion: Tyler Roberts

Second: Steve Dorsey

Ayes: Carolyn Andrews, Tyler Roberts, Steven Dorsey

Action: Passed

## 7.0 Action: 3050 Asset/Equipment Care and Return Policy

**Discussion:** Stefanie Bryant: This is a new policy. Some questions came up about students and employees not returning computers and what we could do about it. This outlines that they are expected to take care of the computers they are issued, return them in working condition and if they don't, Method has the ability to try to get reimbursed for that.

## 8.0 Consent Items: All matters listed under the consent agenda are considered by the Board to be routine and will be approved/enacted by the Board in one motion in the form listed below. Unless specifically requested by a Board member for further discussion or removed from the agenda, there will be no discussion of these items prior to the Board's votes on them.

### • Approval of June 1, 2022 Meeting Minutes

## 9.0 Information/ Discussion Items:

### • Method Vehicles

- o Mark Holley: We currently have 4 STEM vans, and we started looking at getting two cars, one for the CEO and another for the Director of Schools. The amount is under the purchase/board approval threshold. These are owned by Method and are wrapped for marketing purposes. They can be used to drive to meetings in LA, San Diego, or wherever the CEO and Director of Schools need to go. Employees would be expected to use these

for official travel and marketing. We wanted to bring this to the board in case it may need to become an action item.

- o Question: Carolyn Andrews: Are you planning to report personal mileage versus business mileage for tax purposes?
- o Mark: Not at this time. They'd be business miles since they are marketing as well. Stefanie, do you have any input?
- o Stefanie: If there is personal use, we are supposed to split it up. The intent is it is a business vehicle, it has marketing on it, it is going to be used during the day when the two employees are going back and forth between business needs.
- o Steven Dorsey: When we're talking about compensation that means we're driving it 24/7, that's when it would become compensation. If we are talking about it as a fleet vehicle, it means multiple people are driving them.
- o Mark: I would say the vans are fleet vehicles, and I would consider these vehicles to be more for the CEO and Director of Schools, I would consider this compensation. The key is, Method retains the ownership. My recommendation for the board would be that we take this and we modify compensation with a bullet in there for the CEO and Director of Schools.
- o Steven: I think it can be a fleet vehicle, but the personal use just needs to be tracked/separated.
- o Jessica: We can do more research and have the policies ready for approval next time.

- **2022-23 Board Meeting Dates**

- o Jessica Spallino: The Sept. 13th board meeting will be moved to Sept. 12th, and the Feb. 14th meeting we will move to Feb. 7th.

### 10.0 Upcoming Agenda Items
