Comprehensive School Safety Plan

Method Schools Murrieta, CA
Section 1: General Information – School Safety
Part 1: School Commitment to School Safety

Method Schools is committed to ensuring that students enrolled in this school, and all employees are safe and secure. Though Method is a non-classroom based school with no physical campus, the safety of the Method community is of the utmost importance regardless of modality. The School believes that a beginning step toward safer schools is the development of a comprehensive plan for school safety by every school within the School. In addition to our policies and procedures, Method Schools participates in the VectorSolutions training program (formerly Safe Schools), which provides over 200 health, safety, and wellbeing courses geared for school staff. Annual training is mandatory for employees, with additional training options throughout the year to ensure Method's staff remains knowledgeable and prepared to maintain the safety of our school, staff, and students. The School intends that parents, students, teachers, administrators, counselors, classified personnel, and community agencies develop safe school plans, including local law enforcement. The school site committee will review these safe school plans on an annual basis and proposed changes will be submitted to the Board for approval.

As Method Schools is a non-classroom based school, some procedures are not applicable considering there are no physical classrooms or students learning onsite. As such, quarterly drills/drop procedures are not practiced for this reason. However, per Ed Code 32282 (a)(2)(B)(ii), Method's headquarters site and equipment will be made available for mass care and welfare shelters during disasters or other emergencies affecting the public health and welfare. Method Schools will cooperate with the public agency in furnishing and maintaining the services as the school district or county office of education may deem necessary to meet the needs of the community during such conditions.

Method Schools Murrieta, CA
Section 1: General Information – School Safety
Part 2: Legislative Requirements

Senate Bill 187: Comprehensive School Safety Plan Purpose:

The California Education Code (sections 32280-32288) outlines the requirements of all schools operating any kindergarten and any grades 1 to 12, inclusive, to write and develop a school safety plan relevant to the needs and resources of that particular school.

In 2004, the Legislature and Governor recast and renumbered the Comprehensive School Safety Plan provisions in SB 719 and AB 115. It is the intent of the Legislature in enacting the provisions to support California public schools as they develop their mandated comprehensive safety plans that are the result of a systematic planning process, that include strategies aimed at the prevention of, and education about, potential incidents involving crime and violence on school campuses.

The historical requirement of the Comprehensive School Safety Plan was presented in Senate Bill 187, which was approved by the Governor and chaptered in 1997. This legislation contained a sunset clause that stated that this legislation would remain in effect only until January 1, 2000. Senate Bill 334 was approved and chaptered in 1999 and perpetuated this legislation under the requirement of the initial legislation.

Comprehensive School Safety Plans are required under SB 719 & AB 115 and contains the following elements:

- Child abuse reporting procedures
- Assessment of school crime committed on school campuses and at school-related functions
- Disaster procedures
- Suspension and expulsion policies
- Procedures to notify teachers of dangerous pupils
- Discrimination and harassment policies
- School-wide dress code policies
- Procedures for safe ingress and egress
- Policies enacted to maintain a safe and orderly environment
- Rules and procedures on school discipline
- Hate crime reporting procedures

The Comprehensive School Safety Plan will be reviewed and updated by March 1st every year.

By July of each year, the school will report on the status of its school safety plan including a description of its key elements in the annual school accountability report card (SARC).

A digital copy of the Comprehensive School Safety Plan is available for review upon request. Links to school SARC and Safety Plans can be found in the district local control accountability plan (LCAP) as well as the school plan for student achievement (SPSA). Safety plans are also available upon request.

Section 1: General Information – School Safety
Part 3: Maintaining a Safe and Orderly Environment

It is a priority of the administration and staff at Method Schools that every student who attends our school will be provided with an environment in which the students not only feel physically safe but that there is also a positive school climate in all activities both in and out of the classroom.

Our administration and staff desire to provide an orderly, caring, and nondiscriminatory learning environment in which all students can feel comfortable and take pride in their school and their achievements.

Our administration encourages staff to teach students the meaning of equality, human dignity, and mutual respect, and to employ cooperative learning strategies that foster positive interactions in the classroom among students from diverse backgrounds.

Students shall have opportunities to voice their concerns about school policies and practices and to share responsibility for solving problems that affect their school. Staff shall encourage and reward success and achievement, participation in community projects, and positive student conduct.

Method Schools promotes nonviolent resolution techniques to encourage attitudes and behaviors that foster harmonious relations. Staff shall receive training that implements and supports conflict resolution (California Education Code Sections 32230-32239, 35160, 35160.1, 44806).

Method Schools remains in compliance with existing laws related to school safety. This manual outlines several elements critical to maintaining a safe school environment.

Method Schools Murrieta, CA
Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

Child abuse reporting law (Penal Code Section 11166) requires that Method Schools employee who has reason to believe that a child has been subjected to abuse, report the incident to the proper authorities.

At Method Schools, protecting children from child abuse is a major priority. Each year the Director/Head of Schools sets aside time to meet with staff to discuss child abuse indicators and to remind teachers of the procedures to follow when abuse is suspected.

Employees of Method Schools are familiar with Penal Code Section 11166 and understand the requirement that certificated and classified personnel report suspected child abuse immediately or as soon as practically possible to the Director of Student Services or Children's Protective Services by telephone. They are aware that a call must be followed within at least 36 hours by a written report to the child protective agency.

All staff is aware of the location of a Child Abuse Information Folder that is kept on file in the school office and updated regularly. It includes informational literature, guidelines for recognizing abuse, and specific directions for reporting it.

The determination as to who should be contacted will depend greatly upon the situation at hand. The Murrieta Police Department will dispatch a unit to the school as soon as possible.

Children's services may take much longer to respond. School personnel should always take into consideration the severity of the abuse and the extent to which the student's safety is at risk. If in doubt, it is better to err to the side of caution by calling the Murrieta Police Department.

Method Schools' employees report suspected child abuse to the local Child Protective Services for the county in which it resides.

Method Schools Murrieta, CA
Section 2: Child Abuse Reporting
Part 1: Child Abuse Reporting Procedures

The requirements of school personnel and the identification and reporting of known or suspected child abuse to a protective agency is mandated by the State of California Penal Code. Failure to do so on the part of school personnel could lead to penalties that might be imposed on these individuals. Method Schools aligns its child abuse reporting policies to the continually updated California Penal Code Section 11166 and Child Abuse Neglect Reporting Act (CANRA). Excerpts from the California Penal Code are presented below.

From California Penal Code Section 11166

...any child care custodian, health practitioner, or employee of a child protective agency who has knowledge or observes a child in his or her professional capacity within the scope of his or her employment whom he or she knows or reasonably suspects has been the victim of child abuse shall report the known or suspected instance of child abuse to a child protective agency immediately or as soon as practically possible by telephone and shall prepare and send a written report thereof within 36 hours of receiving the information concerning the incident.

Method Schools Policy– Child Abuse Prevention Programs

Recognizing that our responsibility to students includes the protection of their physical and mental well-being, the Governing Board desires to provide whatever opportunities or resources may be available for the prevention of child abuse.

The Board agrees with the Legislature that:

1. Child abuse and neglect is a severe and increasing problem in California.
2. Schools and preschools can provide an environment for the training of children, parents, and all school staff.

3. Primary prevention programs in the school Schools are an effective and cost-efficient method of reducing the incidence of child abuse and neglect and for promoting healthy family environments.

Reporting Procedures

1. To report known or suspected child abuse, any employee (as defined above) shall report by telephone to the local child protective agency.

The site administration, when notified, shall inform the Executive Director/Director of Student Services .

If requested by the mandated reporter, the Director/Head of Schools may assist in the completion and filing of these forms.

Legal Responsibility and Liability

1. Mandated reporters have absolute immunity. School employees required to report are not civilly or criminally liable for filing a required or authorized report of known or suspected child abuse.
2. A mandated reporter who fails to report an instance of child abuse, which he/she knows to exist or reasonably should know to exist, is guilty of a misdemeanor and is punishable by confinement in jail for a term not to exceed six (6) months or by a fine of not more than one thousand dollars (\$1,000) or both. The mandated reporter may also be held civilly liable for damages for any injury to the child after a failure to report.
3. When two (2) or more persons who are required to report jointly, know of a suspected instance of child abuse, and when there is agreement, and a single report may be made and signed by the person selected. However, if any person who knows or should know that the person designated to report failed to do so, that person then must make the report.
4. The duty to report child abuse is an individual duty and no supervisor or administrator may impede or inhibit such reporting duties. Furthermore, no person making such a report shall be subject to any sanction.

Release of Child to Peace Officer

When a child is released to a peace officer and taken into custody as a victim of suspected child abuse, the Director and/or Director/Principal shall not notify the parent or guardian as required in other instances of removal of a child from school, but rather shall provide the peace officer with the address and telephone number of the child's parent or guardian.

It is the responsibility of the peace officer to notify the parent or guardian of the situation. Peace officers will be asked to sign an appropriate release or acceptance of responsibility form (cf. 5145.11 – Questioning and Apprehension).

When School Employees are Accused of Child Abuse

Regardless of who child abusers may be, the major responsibilities of mandated reporters are to

(1) identify incidents of suspected child abuse, and (2) comply with laws requiring reporting of suspected abuse to the proper authorities. Determining whether or not the suspected abuse occurred is not the responsibility of the school employee. Such determination and follow-up investigation will be made by a child protective agency.

Parents/guardians or members of the public accusing school employees of child abuse should be made aware of the ramifications of making false reports and should be provided with information regarding child abuse and child abuse reporting.

Pending the outcome of an investigation by a child protective agency and before the filing of formal charges, the employee may be subject to reassignment or a paid leave of absence.

Disciplinary action resulting from the filing of formal charges or upon conviction shall be per School policies, regulations, and/or collective bargaining agreements. The Director/Head of Schools, or designee should consult with legal counsel in implementing either suspension or dismissal.

GUIDELINES FOR PEOPLE WITH DISABILITIES IN EMERGENCIES

While Method is non-classroom based school and students do not receive instruction onsite, the following procedures should be followed in the event that an emergency occurs while students are at Method Headquarters.

Evacuation of people with disabilities will be given high priority in all emergencies. In an emergency situation, it is important that staff are familiar with the needs of people with disabilities. Whenever possible, people with disabilities will be positioned near a doorway for an easier exit.

The following guidelines are important to follow:

- Establish a buddy system. People with disabilities should prepare for an emergency ahead of time by instructing a Method staff member of any limitations
- Individuals, who cannot speak loudly, or with voice / speech impairments, should carry a whistle or have other means of attracting attention of others.
- Be familiar with alarm signals.
- Leave school/personal items in the building to avoid wasting time.

In All Emergencies, After an Evacuation has Been Ordered:

Evacuation of people with disabilities will be given high priority in all emergencies and will be evacuated if possible. Evacuating a disabled or injured person by only one person with no assistance is a last resort.

Check on people with special needs during an evacuation, determine if they have established a "buddy system," and ensure their safe evacuation.

Always ASK someone with a disability how you can help BEFORE attempting any rescue technique or giving assistance. Ask how he or she can best be assisted or moved, and whether there are any special considerations or items that need to come with the person.

If the situation is life threatening, call 911.

If heavy smoke is present, crawl or stay near the floor for breathable air.

Assist any individuals who would have physical problems evacuating the building. Stay in the designated assembly area and account for all personnel and students.

Do not block fire lanes or areas used by the fire department

Do not re-enter the building until authorized by the fire department or the Director/Director of Student Services. If the fire is off-site, wait for instructions from the Director/Head of Schools, or School EOC.

- Do not use elevators for building evacuation or in an emergency.
- Assist any individuals who would have physical problems evacuating the building.
- Stay in the designated assembly area and account for all personnel and students.
- Do not block fire lanes or areas used by emergency personnel.

- Do not re-enter the building until authorized by emergency personnel or the Director/Head of Schools. Wait for instructions from the Director/Head of Schools or Incident Commander.

In case of a lockdown:

If you are inside:

- Check the area immediately outside the door. If students are close rush them into your room.
- Lock all doors and windows in the room. Close curtains, blinds, or otherwise cover any windows that are at eye level if possible. If the window cannot be covered make sure that students are out of the line of sight.
- Call Incident Commander or On-Site Administrator with any missing students or if you have extra students. (Please, only in a real emergency, not during a drill)
- Do not unlock your door until you hear the all-clear announcement. Exception: You may allow entry to a student or recognized staff member pounding on the door only if you can visually determine (through the window) that he or she is unarmed. This is a judgment call on your part, understanding that the overriding concern for the safety of the larger number of people in your room.
- Incident Commander or On-Site Administrator will call 911.
- Incident Commander or On-Site Administrator will check bathrooms and halls in your area and get students in classrooms and then get in a classroom. During drills, wait 5 minutes and then check all doors and windows. Make written notes as to any unlocked doors and windows and anyone that is outside of a room. Please take five minutes to

check your area and take notes. Report back via email when your area has been completely checked.

- An announcement will be made when the drill is completed followed by an all-clear announcement.

If you are outside:

- Immediately have students and staff seek shelter if it is safe to do so. Drill with students and staff to go to the nearest room to them.
- If shelter is not available, ensure students lie flat on the ground immediately.
- Children in restrooms should be instructed to stay there until directed to exit by the Director/Head of Schools or Director/Head of School's designee.

If the situation is violent and may include the use of firearms, the Director/Head of Schools or Director/Head of School's designee should instruct all staff and students to lie face down on the floor and remain immobile.

Director/Head of Schools and staff must follow all instructions given by responding law enforcement.

If the event is major, the Director will activate the School EOC to develop an Action Plan to deal with the situation as well as the following:

- A. Telephone inquiries and rumor control
- B. Media relations and public information

Part 11: Severe Windstorm Procedures

If a severe wind warning is received at school or site, notify the Director/Head of Schools immediately.

In general, if severe winds are affecting the school, employees and students should be moved to the interior core area of the building (inside wall on the ground floor) away from outside windows and doors.

Close all windows and blinds and avoid auditoriums, gymnasiums, and other building locations that have large roof areas or spans.

Avoid all areas that have large concentrations of electrical equipment or power cables. Evacuation of the school will be directed by the Director/Head of Schools in coordination with SEMS. If evacuation is deemed necessary, students will be evacuated according to school evacuation procedures, and roll-call must be taken to ensure proper evacuation of the building.

Part 12: Suspicious Mail/Packages

All incoming mail and packages should be handled with caution.

Below are Indicators of suspicious mail and steps to take if suspicious mail is received.

Mail that ...

- ... is unexpected or from an unfamiliar source
- ... has excessive postage
- ... is addressed to someone who no longer works in the School
- ... is addressed to a current employee but with the wrong title
- ... contains several misspelled words on the envelope
- ... marked with restrictive endorsements such as "Personal" or "Confidential"
- ... has no return address or an address that cannot be verified
- ... mail that is from a foreign country

- ... shows a city or state in the postmark that doesn't match the return address
- ... is lopsided, oddly shaped, or has an unusual weight, given its size
- ... has protruding wires, strange odors, or stains
- ... has powdery substance on the outside
- ... has an unusual amount of tape on it
- ... is ticking or making unusual sounds

Not all mail comes perfectly packaged or with accurate information on it, so employees handling mail must remain sensible in the screening of mail. However, prudent scrutiny conducted reasonably can greatly reduce the school's chances of becoming the victim of an attack by mail.

- Wash your hands with soap and hot water.
- Ensure that everyone who had contact with the piece of mail washes his/her hands with soap and hot water.

- Shower with soap and water as soon as possible. Do not use bleach or another disinfectant on your skin.
- Make a list of all the people who were in the room or area, especially those who had contact with the envelope or package. Provide this list to the emergency response teams investigating the incident.
- Investigators will remove the envelope or package and conduct a thorough check of the area for contamination.
- If you are prescribed medicine as a result of this exposure, take it until instructed or until it runs out.

NOTE: Contacting the U.S. Postal Service is less likely to create a media event than the local police, but their response may be slower.

The teacher is asked to review the student's separate and confidential file in the office. This information shall be based upon written School records or records received from a law enforcement agency. (California Education Code 49079).

When informed according to Welfare and Institutions Code 828.1 that a student has committed crimes unrelated to school attendance which do not, therefore, constitute grounds for suspension or expulsion, the Director/Head of Schools or designee may so inform any teacher, counselor or administrator whom he/she believes needs this information to work with the student appropriately, avoid being needlessly vulnerable, or protect others from needless vulnerability. Section 5: Suspension and Expulsion/Due Process

Method Schools Board Policy BP 5030

Suspension & Expulsion

In order to promote learning and protect the safety and well-being of all students, Method Schools adheres to the Suspension and Expulsion guidelines established by California Education Code Section 48900. When a student interferes with the learning, safety, and well-being of students, it may be necessary to suspend or expel a student from regular classroom instruction or activity. Method Schools staff shall enforce disciplinary rules and procedures fairly and consistently amongst all students.

If an Method Schools administrator does recommend expulsion for a specified offense, a student is entitled to a hearing within 30 school days after that determination, unless the student or parents or guardians request in writing that the hearing be postponed. It is important to note that suspension for students in grades kindergarten to grade eight, inclusive, for disruption or defiance (*EC* Section 48900[k]) is prohibited, and expulsion for students in kindergarten to grade twelve, inclusive, is also prohibited.

Upon enrollment of the school, Method Schools' teachers ensure that all students and parents/guardians are notified in writing of all school rules related to discipline, suspension and expulsion.

Pursuant to *EC* Section 48900 paragraphs (v) and (w) Method Schools will encourage other means of correction, rather than suspension or expulsion, be used to bring about proper conduct as part of a Multi- Tiered System of Supports. This Multi-Tiered System of Supports includes restorative justice practices, trauma-informed practices, social and emotional learning, and schoolwide positive behavior interventions and support, which may be used to help pupils gain critical social and emotional skills, receive support to help transform trauma-related responses, understand the impact of their actions, and develop meaningful methods for repairing harm to the school community. This also includes referral to a School Attendance Review Board for students who are habitually insubordinate or disorderly during attendance at school (*EC* Section 48263).

Pursuant to *EC* 48915(c), Method Schools will recommend **mandatory** expulsion in the event that the following acts are committed at school or during a school activity:

1. Firearm a. Possessing firearm when a district employee verified firearm possession and when student did not have prior written permission from a certificated employee which is concurred with by the principal or designee.
- b. Selling or otherwise furnishing a firearm.

2. Brandishing a knife at another person.
3. Unlawfully selling a controlled substance listed in *Health and Safety Code* Section 11053 et. seq.
4. Committing or attempting to commit a sexual assault as defined in subdivision (n) of *EC* 48900 or committing sexual battery as defined in subdivision (n) of 48900.
5. Possession of an explosive.

Pursuant to *EC* Section 48915 (a) an administrator shall **recommend** expulsion for the following violations [except for subsections (c) and (e)] unless the administrator finds that expulsion is inappropriate due to a particular circumstance:

1. Causing serious physical injury to another person, except in self-defense. *EC* Section 48915 (a)(1).
2. Possession of any knife, explosive, or other dangerous object of no reasonable use to the pupil. *EC* Section 48915 (a)(2).
3. Possession and/or use of any substance listed in Chapter 2 (commencing with Section 11053) of Division 10 of the *Health and Safety Code*, except for the first offense for possession of not more than one avoirdupois ounce of marijuana other than concentrated cannabis.
4. Robbery or extortion. *EC* Section 48915 (a)(4).
5. Assault or battery, or threat of, on a school employee.

The recommendation for expulsion shall be based on one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others [see Section 48915 (b)].

Method Schools will abide by **discretionary** expulsion guidelines pursuant *EC* 48900 in circumstances where acts committed at school or school activity or on the way to and from school or school activity, including:

- a. Inflicted physical injury†
- b. Possessed dangerous objects
- c. Possessed drugs or alcohol (policy determines which offense)
- d. Sold look alike substance representing drugs or alcohol
- e. Committed robbery/extortion
- f. Caused damage to property‡
- g. Committed theft
- h. Used tobacco (policy determines which offense)
- i. Committed obscenity/profanity/vulgarity
- j. Possessed or sold drug paraphernalia
- k. Disrupted or defied school staff
- l. Received stolen property
- m. Possessed imitation firearm

- n. Committed sexual harassment
- o. Harassed, threatened or intimidated a student witness
- p. Sold prescription drug Soma
- q. Committed hazing
- r. Engaged in an act of bullying, including, but not limited to, bullying committed by means of an electronic act, as defined in subdivisions (f) and (g) of Section 32261, directed specifically toward a pupil or school personnel.

The recommendation for expulsion shall be based on one or both of the following:

1. Other means of correction are not feasible or have repeatedly failed to bring about proper conduct.
2. Due to the nature of the act, the presence of the pupil causes a continuing danger to the physical safety of the pupil or others [see Section 48915 (b)].

† Section 48900 (s) (Statutes of 2001) states a pupil who aids or abets in infliction of physical injury to another, as defined in *Penal Code* 31, may suffer suspension, but not expulsion. However, if a student is adjudged by a court to have caused, attempted to cause, or threatened personal injury, the student may be expelled.

‡ Section 48900 (t) "school property" includes, but is not limited to, electronic files and databases.

Hearing & Due Process

Pursuant to EC 48918, Method Schools will hold hearings that will include, but are not necessarily limited to, all of the following:

(a) (1) The pupil shall be entitled to a hearing to determine whether the pupil should be expelled. An expulsion hearing shall be held within 30 schooldays after the date the principal or the superintendent of schools determines that the pupil has committed any of the acts enumerated in Section 48900, unless the pupil requests, in writing, that the hearing be postponed. The adopted rules and regulations shall specify that the pupil is entitled to at least one postponement of an expulsion hearing, for a period of not more than 30 calendar days. Any additional postponement may be granted at the discretion of the governing board of the school district.

(2) Within 10 schooldays after the conclusion of the hearing, the governing board of Method Schools shall decide whether to expel the pupil, unless the pupil requests in writing that the decision be postponed. If the hearing is held by a hearing officer or an administrative panel, or if the governing board of the school district does not meet on a weekly basis, the governing board of the school district shall decide whether to expel the pupil within 40 schooldays after the date of the pupil's removal from his or her school of attendance for the incident for which the recommendation for expulsion is made by the principal or the superintendent of schools, unless the pupil requests in writing that the decision be postponed.

(3) If compliance by the governing board of Method Schools with the time requirements for the conducting of an expulsion hearing under this subdivision is impracticable during the regular school year, the superintendent of schools or the superintendent's designee may, for good cause, extend the time

period for the holding of the expulsion hearing for an additional five schooldays. If compliance by the governing board of the school district with the time requirements for the conducting of an expulsion hearing under this subdivision is impractical due to a summer recess of governing board meetings of more than two weeks, the days during the recess period shall not be counted as schooldays in meeting the time requirements. The days not counted as school days in meeting the time requirements for an expulsion hearing because of a summer recess of governing board meetings shall not exceed 20 schooldays, as defined in subdivision (c) of Section 48925, and unless the pupil requests in writing that the expulsion hearing be postponed, the hearing shall be held not later than 20 calendar days before the first day of school for the school year. Reasons for the extension of the time for the hearing shall be included as a part of the record at the time the expulsion hearing is conducted. Upon the commencement of the hearing, all matters shall be pursued and conducted with reasonable diligence and shall be concluded without any unnecessary delay.

(b) Written notice of the hearing shall be forwarded to the pupil at least 10 calendar days before the date of the hearing. The notice shall include all of the following:

(1) The date and place of the hearing.

(2) A statement of the specific facts and charges upon which the proposed expulsion is based.

(3) A copy of the disciplinary rules of Method Schools that relate to the alleged violation.

(4) A notice of the parent, guardian, or pupil's obligation pursuant to subdivision (b) of Section 48915.1.

(5) Notice of the opportunity for the pupil or the pupil's parent or guardian to appear in person or to be represented by legal counsel or by a nonattorney adviser, to inspect and obtain copies of all documents to be used at the hearing, to confront and question all witnesses who testify at the hearing, to question all other evidence presented, and to present oral and documentary evidence on the pupil's behalf, including witnesses. In a hearing in which a pupil is alleged to have committed or attempted to commit a sexual assault as specified in subdivision (n) of Section 48900 or to have committed a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall be given five days' notice before being called to testify, and shall be entitled to have up to two adult support persons, including, but not limited to, a parent, guardian, or legal counsel, present during his or her testimony. Before a complaining witness testifies, support persons shall be admonished that the hearing is confidential. This subdivision shall not preclude the person presiding over an expulsion hearing from removing a support person whom the presiding person finds is disrupting the hearing. If one or both of the support persons is also a witness, the provisions of Section 868.5 of the Penal Code shall be followed for the hearing. This section does not require a pupil or the pupil's parent or guardian to be represented by legal counsel or by a nonattorney adviser at the hearing.

(A) For purposes of this section, "legal counsel" means an attorney or lawyer who is admitted to the practice of law in California and is an active member of the State Bar of California.

(B) For purposes of this section, “nonattorney adviser” means an individual who is not an attorney or lawyer, but who is familiar with the facts of the case, and has been selected by the pupil or pupil’s parent or guardian to provide assistance at the hearing.

(c) (1) Notwithstanding Section 35145, the governing board of Method Schools shall conduct a hearing to consider the expulsion of a pupil in a session closed to the public, unless the pupil requests, in writing, at least five days before the date of the hearing, that the hearing be conducted at a public meeting. Regardless of whether the expulsion hearing is conducted in a closed or public session, the governing board of Method Schools may meet in closed session for the purpose of deliberating and determining whether the pupil should be expelled.

(2) If the governing board of the Method Schools or the hearing officer or administrative panel appointed under subdivision (d) to conduct the hearing admits any other person to a closed deliberation session, the parent or guardian of the pupil, the pupil, and the counsel of the pupil also shall be allowed to attend the closed deliberations.

(3) If the hearing is to be conducted at a public meeting, and there is a charge of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, a complaining witness shall have the right to have his or her testimony heard in a session closed to the public when testifying at a public meeting would threaten serious psychological harm to the complaining witness and there are no alternative procedures to avoid the threatened harm, including, but not limited to, videotaped deposition or contemporaneous examination in another place communicated to the hearing room by means of closed-circuit television.

(d) Instead of conducting an expulsion hearing itself, the governing board of Method Schools may contract with the county hearing officer, or with the Office of Administrative Hearings pursuant to Chapter 14 (commencing with Section 27720) of Part 3 of Division 2 of Title 3 of the Government Code and Section 35207 of this code, for a hearing officer to conduct the hearing. The governing board of Method Schools may also appoint an impartial administrative panel of three or more certificated persons, none of whom is a member of the governing board of Method Schools or employed on the staff of the school in which the pupil is enrolled. The hearing shall be conducted in accordance with all of the procedures established under this section.

(e) Within three schooldays after the hearing, the hearing officer or administrative panel shall determine whether to recommend the expulsion of the pupil to the governing board of Method Schools. If the hearing officer or administrative panel decides not to recommend expulsion, the expulsion proceedings shall be terminated and the pupil immediately shall be reinstated and permitted to return to the classroom instructional program from which the expulsion referral was made, unless the parent, guardian, or responsible adult of the pupil requests another school placement in writing. Before the placement decision is made by the parent, guardian, or responsible adult, the superintendent of schools or the superintendent’s designee shall consult with Method Schools personnel, including the pupil’s teachers, and the parent, guardian, or responsible adult regarding any other school placement options for the pupil in addition to the option to return to his or her classroom instructional program from which the expulsion referral was made. If the hearing officer or administrative panel finds that the pupil committed any of the acts specified in subdivision (c) of Section 48915, but does not recommend expulsion, the pupil shall be immediately reinstated and may be referred to his or her prior school or another comprehensive school,

or, pursuant to the procedures set forth in Section 48432.5, a continuation school of Method Schools. The decision not to recommend expulsion shall be final.

(f) (1) If the hearing officer or administrative panel recommends expulsion, findings of fact in support of the recommendation shall be prepared and submitted to the governing board of Method Schools. All findings of fact and recommendations shall be based solely on the evidence adduced at the hearing. If the governing board of the Method Schools accepts the recommendation calling for expulsion, acceptance shall be based either upon a review of the findings of fact and recommendations submitted by the hearing officer or panel or upon the results of any supplementary hearing conducted pursuant to this section that the governing board of Method Schools may order.

(2) The decision of the governing board of Method Schools to expel a pupil shall be based upon substantial evidence relevant to the charges adduced at the expulsion hearing or hearings. Except as provided in this section, no evidence to expel shall be based solely upon hearsay evidence. The governing board of Method Schools or the hearing officer or administrative panel may, upon a finding that good cause exists, determine that the disclosure of either the identity of a witness or the testimony of that witness at the hearing, or both, would subject the witness to an unreasonable risk of psychological or physical harm. Upon this determination, the testimony of the witness may be presented at the hearing in the form of sworn declarations that shall be examined only by the governing board of Method Schools or the hearing officer or administrative panel. Copies of these sworn declarations, edited to delete the name and identity of the witness, shall be made available to the pupil.

(g) A record of the hearing shall be made. The record may be maintained by any means, including electronic recording, so long as a reasonably accurate and complete written transcription of the proceedings can be made.

(h) (1) Technical rules of evidence shall not apply to the hearing, but relevant evidence may be admitted and given probative effect only if it is the kind of evidence upon which reasonable persons are accustomed to rely in the conduct of serious affairs. A decision of the governing board of Method Schools to expel shall be supported by substantial evidence showing that the pupil committed any of the acts enumerated in Section 48900.

(2) In hearings that include an allegation of committing or attempting to commit a sexual assault as defined in subdivision (n) of Section 48900 or to commit a sexual battery as defined in subdivision (n) of Section 48900, evidence of specific instances, of a complaining witness' prior sexual conduct is to be presumed inadmissible and shall not be heard absent a determination by the person conducting the hearing that extraordinary circumstances exist requiring the evidence be heard. Before the person conducting the hearing makes the determination on whether extraordinary circumstances exist requiring that specific instances of a complaining witness' prior sexual conduct be heard, the complaining witness shall be provided notice and an opportunity to present opposition to the introduction of the evidence. In the hearing on the admissibility of the evidence, the complaining witness shall be entitled to be represented by a parent, guardian, legal counsel, or other support person. Reputation or opinion evidence regarding the sexual behavior of the complaining witness is not admissible for any purpose.

(i) (1) Before the hearing has commenced, the governing board of Method Schools issue subpoenas at the request of either the superintendent of schools or the superintendent's designee or the pupil, for the

personal appearance of percipient witnesses at the hearing. After the hearing has commenced, the governing board of Method Schools or the hearing officer or administrative panel may, upon request of either the county superintendent of schools or the superintendent's designee or the pupil, issue subpoenas. All subpoenas shall be issued in accordance with Sections 1985, 1985.1, and 1985.2 of the Code of Civil Procedure. Enforcement of subpoenas shall be done in accordance with Section 11455.20 of the Government Code.

(2) Any objection raised by the superintendent of schools or the superintendent's designee or the pupil to the issuance of subpoenas may be considered by the governing board of Method Schools in closed session, or in open session, if so requested by the pupil before the meeting. Any decision by the governing board of Method Schools in response to an objection to the issuance of subpoenas shall be final and binding.

(3) If the governing board of Method Schools hearing officer, or administrative panel determines, in accordance with subdivision (f), that a percipient witness would be subject to an unreasonable risk of harm by testifying at the hearing, a subpoena shall not be issued to compel the personal attendance of that witness at the hearing. However, that witness may be compelled to testify by means of a sworn declaration as provided for in subdivision (f).

(4) Service of process shall be extended to all parts of the state and shall be served in accordance with Section 1987 of the Code of Civil Procedure. All witnesses appearing pursuant to subpoena, other than the parties or officers or employees of the state or any political subdivision of the state, shall receive fees, and all witnesses appearing pursuant to subpoena, except the parties, shall receive mileage in the same amount and under the same circumstances as prescribed for witnesses in civil actions in a superior court. Fees and mileage shall be paid by the party at whose request the witness is subpoenaed.

(j) Whether an expulsion hearing is conducted by the governing board of Method Schools or before a hearing officer or administrative panel, final action to expel a pupil shall be taken only by the governing board of Method Schools in a public session. Written notice of any decision to expel or to suspend the enforcement of an expulsion order during a period of probation shall be sent by the superintendent of schools or his or her designee to the pupil or the pupil's parent or guardian and shall be accompanied by all of the following:

(1) Notice of the right to appeal the expulsion to the county board of education.

(2) Notice of the education alternative placement to be provided to the pupil during the time of expulsion.

(3) Notice of the obligation of the parent, guardian, or pupil under subdivision (b) of Section 48915.1, upon the pupil's enrollment in a new school, to inform that school district of the pupil's expulsion.

(k) (1) The governing board of Method Schools shall maintain a record of each expulsion, including the cause for the expulsion. Records of expulsions shall be nonprivileged, disclosable public records.

(2) The expulsion order and the causes for the expulsion shall be recorded in the pupil's mandatory interim record and shall be forwarded to any school in which the pupil subsequently enrolls upon receipt of a request from the admitting school for the pupil's school records.

The Governing Board prohibits unlawful sexual harassment of or by any student by anyone in or from the School.

Teachers shall discuss this policy with their students in age-appropriate ways and should assure them that they need not endure any form of sexual harassment.

Any student who engages in the sexual harassment of anyone in or from the School may be subject to disciplinary action up to and including expulsion. Any employee who permits or engages in sexual harassment may be subject to disciplinary action up to and including dismissal.

The School prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of sexual harassment shall be promptly investigated in a way that respects the privacy of all parties concerned.

Method Schools Board Policy BP 4070: Sexual Harassment

Prohibited sexual harassment includes, but is not limited to, unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct or a sexual nature when:

Section 7: School Dress and Grooming
Part 1: Method Schools Board Policy BP 4080 Dress Code

Method Schools Board Policy BP 4080 Dress Code

The Governing Board believes that appropriate dress and grooming contribute to a productive learning environment. The Board expects students to give proper attention to personal cleanliness and to wear clothes that are suitable for the school activities in which they participate. Students' clothing must not present a health or safety hazard or a distraction, which would interfere with the educational process.

When gangs constitute a danger to students, the Director/Head of Schools, or designee may restrict student dress and grooming as necessary to comply with Board policy related to gang activity.

Students and parents/guardians shall be informed about the school dress code at the beginning of the school year and when revised. A student who violates the dress code shall be subject to appropriate disciplinary action.

The Board recognizes that, in order to promote student safety and discourage theft, peer rivalry, and/or gang activity, the Director/Head of Schools, staff, and parents/guardians at a school may wish to establish a reasonable dress code requiring students to wear uniforms. Such a dress code may be included as part of the school safety plan and must be presented to the Board for approval.

The Board shall approve such dress codes when it determines they are necessary for the health and safety of the school's students.

The Director/Head of Schools, or designee shall establish procedures whereby parents/guardians may choose to have their children exempted from an adopted school uniform policy. Students shall not be penalized academically, otherwise discriminated against, or denied attendance to school if their parents/guardians so decide.

The Director/Head of Schools, or designee shall ensure that resources are identified to assist economically disadvantaged students in obtaining uniforms.

Method Schools Board Policy BP 4080

Local law enforcement officials indicate that certain types of dress contribute to gang association and violence. Students wearing gang attire become targets for violence even though they are not gang members. Also, the baggy, oversized clothing now identified as gang-related, presents a safety hazard since it allows students to more readily conceal dangerous objects such as knives, and other weapons or provide hiding places for drugs and drug paraphernalia. Accordingly, the following types of clothing have been identified as gang-related:

- Oversized, baggy pants
- Excessively large shirts and jackets
- Military style and/or steel-toed boots
- Oversized belts and/or initial on buckles
- Caps/hats
- Shirts depicting or promoting violence towards police and/or others and/or graffiti or “tagging”
- Clothing that features lewd or obscene language

Uniforms

As gang attire changes, the Director/Head of Schools, or designee is authorized to delete and add items as deemed appropriate by the school staff and law enforcement agencies.

In schools where a schoolwide uniform is required, the Director/Head of Schools, staff, and parents/guardians of the individual school shall jointly select the specific uniform to be worn.

The Director/Head of Schools, or designee shall give parents/guardians at least six month's notice before a school uniform policy is implemented.

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting.

The Director/Head of Schools, or designee shall establish criteria for determining student eligibility for financial assistance when purchasing uniforms.

Section 8: Safe Ingress and Egress
Part 1: General Information

Method Schools takes pride in being part of a school that has a mission to provide a safe environment for all students, parents, and school employees. Method Schools will take measures to ensure safe ingress and egress to and from the school for pupils, parents, and school employees. Safe ingress and egress will be maintained by periodic reviews of the procedures for ingress and egress. The school will ensure that all passageways to and from school buildings, corridors within school buildings, and emergency exits remain clear of all obstruction to allow the flow of pedestrian and vehicular traffic. The school will also ensure that potential obstructions and hazards are removed from such areas. To achieve this goal, the school works closely with local law enforcement agencies and the city of Murrieta to ensure that the school's immediate community is safe.

Through the joint efforts of the School office, site administrators, faculty, Safety Committee, PTSA, and other organizations, including consultants, Method Schools has developed a plan to ensure the safe arrival and departure of students, staff, and visitors. Method Schools encourages input from our community and reviews this plan on an annual basis.

Any problems associated with safe ingress and egress will be addressed immediately.

Call Parent/Sent Home

Students that do not complete assignments may complete them during a break, lunch break, or after school under your supervision. When students are sent to the office for disciplinary reasons, a note must accompany the student stating the infraction and other pertinent data.

Since we have very limited nursing services, we use our judgment in sending students home. For minor injuries, we use a first aid kit; for minor complaints, try sending the student to drink water, or use the restroom, or rest for a while. If the complaint persists, we call a parent. Any child with an injury to the eyes, head, or private parts is evaluated for the next step immediately. If there is an injury in the classroom or on the playground that is considered serious, the child is not moved until the Director/Head of Schools arrives.

Method Schools Board Policy BP 5060: Tobacco, Drugs, and Alcohol

It shall be the policy of the schools to take positive action through education, counseling, parental involvement, medical referral, and police referral in the handling of incidents in the schools involving the possession, sale, and/or use of behavior affecting substances and drug paraphernalia. These substances shall include but not be limited to marijuana, LSD, glue, alcohol, and barbiturates.

Students involved in the possession, sale, and/or use of behavior affecting substances as stated above shall be subject to disciplinary procedures that may result in suspension or expulsion.

School properties may be inspected by school authorities in the interest of maintenance, health, and safety. Inspections for the location of drugs, narcotics, liquor, weapons, poisons, and missing properties are matters relating to health and safety and may be regarded as reasonable purposes for inspection by school personnel; so long as such inspections are conducted following constitutional requirements of applicable state law relating to searches and seizures.

The Board recognizes that smoking and other forms of tobacco use present a health hazard that can have serious consequences both for the tobacco-user and the non-tobacco-user and is, therefore of concern to the Board.

Students shall not be allowed to smoke or possess tobacco on school property or during school hours. Students who violate this policy shall be subject to disciplinary procedures which may result in suspension from school.

Part 3: Drugs, Tobacco, Alcohol

Drug Use and Abuse

The administration shall practice the following procedures relative to student drug use and abuse on school property or whenever the student is under the jurisdiction of the schools. Alcohol is a drug, illegal for use by minors. Cases involving alcohol shall be treated in the same manner as for other drugs.

Use or Possession

1. No internal medication is to be administered to students by school personnel except as prescribed by a doctor.
2. Dangerous and narcotic drugs that a student has on prescription for ingestion as prescribed by a doctor must be in their original containers and kept in the nurses' or Director/Head of Schools' office, whichever provides greater security.
3. Whenever any staff member has reason to believe that a student may be under drug influence, he/she shall immediately notify the Director/Head of Schools. The Director/Head of Schools, if in agreement, shall notify the parent to come for the student and to remove the student to his/her home, to the jurisdiction of the police, and/or the paramedics.
4. In severe cases, if the parents or the doctor cannot or will not come to the school, the Director/Head of Schools is authorized to call an ambulance to remove the student to a hospital. Parents will be notified of this action and shall be responsible for the incurred expenses.
5. In any first offense in which students illegally use or possess prescription or non-prescription drugs, including alcohol, marijuana, or inhalants, at school or school activities, the following will result:
 - a. Suspension from school for at least five (5) days.
 - b. Referral to the proper police authority.
 - c. A parent conference.

- d. A schedule of regular appointments with a school counselor or other school official.

Additionally, the following action may be taken:

- a. Transfer to another school or alternative education program as appropriate.
 - b. Recommendation for expulsion.
6. The second incidence of use or possession of illegal drugs within one year at any school or school activity will result in a recommendation for expulsion as provided for in Education Code 48900.

Selling or Providing

When there is reason to believe that a student is selling or possessing drugs, the following procedures listed below will be followed:

1. The school administrator shall advise the local juvenile narcotics officer or law enforcement personnel. Juvenile authorities will decide as to whether they or the school will notify the parent.
2. The school administrator will escort the student to the school office and confront him/her with suspicion. The administrator may notify the police before taking the student to the office. The student should be removed from a classroom by a school administrator or designee when there is reasonable cause.
3. For reasonable cause, a search for drugs may be made by the administrator. This may include searching the student's locker and/or other School-owned facilities such as science drawers, shop lockers, etc. Such a search should be conducted by the administrator with at least one other certificated person as a witness. No school staff member should search a student but may ask students to volunteer for self-search. In cases when a personal search seems to be in order, the administrator should call for a law enforcement officer to search. Repeated attempts shall be made to notify the student's parent/guardian before the personal search is made.
4. The student may be interrogated by the school administrator without notifying the student of his/her rights, but if the administrator believes that a law has been broken, the police will be notified.

When there is good evidence that a student has used, sold, or possesses narcotics or drug paraphernalia on or about school premises or at school-sponsored functions, the police must be notified. Regardless of any legal action taken by the police, the School must immediately suspend the student according to the provisions of BP/AR 5144.1 – Suspension and Expulsion/Due Process. The school administrator may, at his/her discretion, recommend expulsion to the Governing Board.

The Student Handbook which includes all shall be disseminated to students and parents through school newsletters, student handbooks, parent and student meetings, newspapers, radio, television, and other means of communications.

Tobacco Use

Possession or use of tobacco on school premises or at school-sponsored events by students is a violation of the law and Board policy and is not permitted. Students violating this policy will be subject to the following disciplinary procedure:

First Offense:

1. Parent notification.
2. Reprimand by Director/Principal or designee. A reprimand is a written notification of unacceptable behavior.
3. School Suspension (1 day)

Second Offense:

1. Parent notification.
2. Reprimand by Director/Principal or designee.
3. School Suspension (2 days)
4. Disciplinary probation with behavior contract.

Disciplinary probation is a condition whereby a student must fulfill specific commitments or be denied certain privileges until his/her behavior improves. A behavioral contract is a

2. The student to be suspended for three (3) days.
3. Parent conference requested before returning to school.

Ample research has demonstrated the health hazards associated with the use of tobacco products, including smoking and the breathing of second-hand smoke. As required by law, the School provides instructional programs designed to discourage students from using tobacco products.

In the best interests of students, employees, and the general public, the Governing Board, therefore, prohibits the use of tobacco products at all times on school property and in school vehicles. This prohibition applies to all employees, students, visitors, and other persons at any school or school-sponsored activity or athletic event.

The Director/Head of Schools, or designee shall inform students, parents/guardians, employees, and the public about this policy. All individuals on School premises share in the responsibility of adhering to this policy and informing appropriate school officials of any violations.

Method Schools Board Policy BP 5040: Bullying and Intimidation

The Board of Trustees believes that all students have a right to a safe and healthy school environment. To that end, the schools and community must promote mutual respect, tolerance, and acceptance. Method Schools will not tolerate any act of intimidation including direct physical contact, gestures, comments, threats, or actions, either written, verbal or physical, which cause, threaten to cause, or are likely to cause bodily harm, social isolation, manipulation, or personal degradation at any school site, at any school activity whether on or off-campus, while traveling to and from school or a school-sponsored activity, or during the lunch period, whether on or off-campus.

The consequences of these actions may include a broad range of disciplinary measures as appropriate; however, every effort will also be taken to provide or locate appropriate assistance for both the victim and the offender.

Bullying occurs when one or more students threaten, harass, or intimidate another student through words, or actions including continual direct physical contact such as hitting or shoving intentionally.

These incidents will be acted upon when they occur on the school grounds at any time, en route to and from school or a school-sponsored activity, during the lunch period whether on or off-campus.

A “school-related” or “school-sponsored” activity is an activity that is approved by the Director/Principal or his/her designee and supervised by assigned school personnel.

For this administrative regulation, bullying is but is not limited to, making unsolicited and unwelcome written, verbal, physical, and/or threatening visual gestures or contact.

- Written – intimidating/threatening letters, notes, or messages
- Verbal – intimidating/threatening comments, slurs, innuendos, teasing, jokes, or epithets

Part 1: Anti-Bullying

Making reprisals, threats of reprisal, engaging in coercive behavior to negatively control, influence, or affect the health and well-being of a student.

Initial Response and Reporting

Expectations The

School expects all employees, if they observe or become aware of an act of intimidation, to take immediate, appropriate steps to intervene.

If in the opinion of the employee, the matter has not been resolved, then the situation shall be reported to an administrator for further investigation.

The School encourages students, parents, and other community members who observe or become aware of a serious act of intimidation to report this act to a school administrator for further investigation.

Investigation and Response

Any incident, which may constitute an act of intimidation and is reported to the Director/Head of Schools, shall be thoroughly investigated by the site administrator or designee. Consequences shall be commensurate with the results of the investigation. This may include but is not limited to, counseling, parent conference, detention, involuntary transfer, a formal suspension and/or expulsion of the offender. The parent or guardian shall be contacted and may be asked to attend a conference with school officials.

If the parent or guardian does not attend the conference, the site administrator shall send a letter informing the parent of the actions under consideration and notifying the parent of all data pertinent to the action.

Depending on the severity of the incident, the administrator shall take appropriate steps to ensure campus safety. This may include any or all of the following: Implement an immediate safety plan; isolate and supervise involved students; provide staff support for involved students as necessary; report the incident to law enforcement if appropriate; notify the parents/guardians of both the offender and the victim and develop supervision plan with parents.

If the act of intimidation is deemed to warrant a suspension, expulsion, or involuntary transfer to another school, then the matter will be processed following the board policies and pertaining to the suspension/expulsion due process.

Part 1: Anti-Bullying and Hate Crimes

Assessment and Intervention

An administrative contact will be made with the victim and offender before resuming the regular schedule of classes. If deemed necessary, the administrator or designee may convene a multidisciplinary team to further assess and determine the need for ongoing support for the victim of the offender.

Depending upon the severity of the intimidation, an investigation may include a review of school records, identification of parent/family issues, and interview with students, parents, and school staff. A multi-disciplinary team consisting of school staff, counselor/psychologist, parent, student, and other agency personnel as appropriate, shall develop a behavior support plan.

The support plan may include any or all of the following: a case manager (special education staff), counseling services (site, and/or community resources), parenting skills classes, and other additional support services as deemed appropriate. The case manager will maintain a record of the services provided.

Each site will identify community resources to be used before, during, and after incidents of intimidation.

School Follow-up

The case manager has a responsibility to follow up and evaluate the behavior support plan. The case manager will compile a report to the site administrator on the process, resources used, and the follow up procedure involving the victim and the offender.

A copy of the behavior plan and follow-up report will then be forwarded to the Coordinator of Pupil Services.

Retaliation Prohibited

Retaliation against a student who reports or witnesses bullying is strictly prohibited and is grounds for discipline.

Mandated Notification

At the beginning of the school year, each student shall receive Student Handbook that includes language prohibiting intimidation.

Hate Crime Reporting and Procedures

Any student who believes he/she is a victim of hate-motivated behavior shall immediately contact the Executive Director (jspallino@methodschoools.org). Upon receiving such a complaint, the Executive Director shall immediately investigate the complaint in accordance with school-level complaint process/grievance procedures. A student who has been found to have demonstrated hate motivated behavior shall be subject to discipline in accordance with law, Board policies, and administrative discretion.

- Definition of Hate Violence: the use of force or threat of force to intimidate a person in the exercise of a constitutional or statutory right, or damage or destruction of property for the purpose of intimidating or interfering with a person because of that individual's "race, color, religion, ancestry, national origin, disability, gender, or sexual orientation."

Suicide Prevention Board Policy

BP 5070 Approved 11/19/19

Method Schools understands that it is critical that to play a leading role in implementing policies that follow best practices, are developmentally appropriate, and are culturally responsive. Equally important are parents and guardians, who also play a key role in youth suicide prevention. It is critical that school staff members actively and continuously engage and educate parents on suicide prevention policies and practices in place at the school and in the community.

This outlined policy has been utilized from a template offered by a suicide prevention agency and as Method School will continue to further refine this policy and it is further developed. Method Schools has adopted its own suicide prevention curriculum program called Hope Squad and has integrated it into our current LMS for students to utilize. Method Schools plans to offer a Hope Squad tile course for students to take in the Spring of 2019 and will continue to refine awareness and prevention.

Prevention. The school, especially the school psychologist and other school-employed mental health professionals, plays an integral role in suicide prevention. The Policy recommends that each school district designate suicide prevention coordinators at the district and the school levels. These people would help plan and implement suicide prevention policies and practices and be the points of contact when a student, parent, or staff member is concerned that a student is at elevated risk for suicide. Coordinators would work with administrators and other school staff to ensure that additional recommended preventive steps be taken school-wide (for example, that staff receive annual professional development on how to recognize the warning signs of suicide and make referrals for help; and that developmentally appropriate, student centered education about mental health and suicide prevention be infused into the K–12 health curriculum). School psychologists are critical resources for schools and are a logical choice for serving as these suicide prevention coordinators. School psychologists should also be involved in the development and implementation of suicide prevention education for staff and students. However, it is equally important that school employed mental health professionals receive annual professional development on best practices in risk assessment and crisis intervention so that they are equipped with the knowledge and tools needed to respond safely and effectively when receiving referrals from staff and students.

A key component of supporting overall student wellness and suicide prevention is access to a continuum of school-based mental health supports. Early identification of at-risk students can enhance opportunities for positive outcomes by addressing problems as they first arise. This enables the school, and in particular the school-employed mental health professional, to support the young person and the family in identifying and implementing potential solutions together, before the problem develops into a crisis situation in need of more intensive intervention or treatment. pg. 2

Assessment and referral. It is important to take every statement regarding suicide or a wish to die be taken seriously. Although each school and school district will have unique policies and procedures for conducting threat assessments, the Policy outlines specific actions to take when a young person is thought to be at risk for suicide, when a suicide attempt is made in school, and when an attempt is made outside of the school setting. In all cases, the school should make every attempt to notify the student's parent or guardian.

When a student makes a verbal or written suicide threat, or if the student presents with several risk factors and a staff member is concerned, this student should be seen by a school-employed mental health professional within the same school day. That professional would conduct the risk assessment and facilitate any necessary referrals to an outside mental health agency. If the school-employed mental health professional is not immediately available, the school nurse or school administrator should assist the student until the mental health professional can be brought in. During this time, the student should be under constant supervision to ensure safety, and the suicide prevention coordinator should be made aware of the situation as soon as possible. Additionally, the school-employed mental health professional or principal should notify the student's parent or guardian to assist them with an urgent referral, if necessary, or to help facilitate an appointment with another health care provider. If such a referral is made, school staff should seek permission from the parent or guardian to exchange information with the outside healthcare provider. When a suicide attempt has been made during the school day, all students should be removed from the immediate area as soon as possible and the health and safety of the student who made the attempt should be of primary concern. The student should be supervised until any necessary medical treatment has been provided, per district emergency medical policy. If appropriate, a mental health assessment should be immediately requested and the principal, school suicide prevention coordinator, and the student's parent or guardian should be contacted. Based on the specific school or district policy, as well as the judgment of the school principal and school mental health staff, additional steps should be taken to ensure the safety and well-being of any students who may have been affected by the suicide attempt.

Re-entry procedure. Each school and district will have specific procedures for handling students who are returning to school after a mental health crisis such as a suicide attempt or psychiatric hospitalization based on the specific needs and unique population of the school. However, The Policy recommends that the following three specific components be a part of any re-entry plan:

- • A designated school employed mental health professional will coordinate with the student, family, and any outside mental health providers (if permission was granted).
- • The parent or guardian will provide documentation from a healthcare provider that the student is no longer a danger to themselves or others.
- • The designated school-employed mental health person will determine what supports are needed to help the student readjust to the school community and meet with him or her periodically to address any concerns.

Postvention: Suicide in a school community is tremendously sad, often unexpected, and can leave a school with many uncertainties about what to do next. Schools need reliable information, practical tools, and pragmatic guidance to help students and the community at-large as they struggle to cope with and respond to the loss. The Policy, coupled with more detailed guidance from NASP and AFSP (included in the resource section below) can help. pg.

The specific circumstances surrounding a death by suicide will guide the school and community response. However, to prevent suicide contagion while effectively managing the situation, the Policy suggests the development and implementation of an action plan with the following steps:

- • Verify the death: Even if the student's death is perceived to be suicide, it should not be considered such until confirmed by the coroner's office or local police department.
- • Assess the situation: The school/district crisis team should consider the impact of the suicide on the student and community population and determine the appropriate resources and supports needed for individual students as well as the general school population.
- • Share information: It is important to report only confirmed and factual information to faculty, students, and families. Additionally, the school should inform parents about supports available to students in school, as well as available resources in the community.
- • Avoid suicide contagion: The crisis team should work with teachers and families to identify students who may be at a high risk of suicide and those who are most significantly impacted by the student's death.
- • Initiate support services: School-employed mental health professionals should collaboratively determine which students need additional risk assessment or mental health support services and implement those as needed.
- • Develop memorial plans: School communities often wish to memorialize a student who has died. It can be challenging for schools to strike a balance between compassionately meeting the needs of grieving students while preserving the ability of the school to fulfill its primary purpose of education. In the case of suicide, schools must consider how to appropriately memorialize the student who died without risking suicide contagion among other students who may themselves be at risk. Treating all deaths in the same way avoids stigma and also protects against inadvertently sensationalizing the suicide loss. Wherever possible, schools should meet with the student's friends and coordinate with the student's family to identify a meaningful, safe approach to acknowledging the loss.

External Communication: Following a student suicide, the media will almost certainly want to become involved in reporting the story. Although the school cannot control everything that is reported, there are steps that schools can take to help contain the media firestorm that often follows the report of a suicide. In many cases, a school has a designated media spokesperson who will respond to all media inquiries. The Policy recommends that the media spokesperson:

- • Keep the suicide coordinator, superintendent, and other relevant administrators updated on how the school is handling the necessary postvention activities.
- • Prepare a statement for the media that only includes confirmation of the death, the school's postvention plans, and available resources.
- • Encourage the media to respect the privacy of the student who died and the family, and to avoid sensationalizing the suicide (e.g., putting story on the front page, describing the method of suicide). Additionally, the spokesperson should strongly suggest that the media refrain from speculating about the reason for the suicide.

Section 13: COVID-19 Precautions

Method's modality has been virtual in nature since well before the COVID-19 pandemic, and staff and students will remain working in a virtual capacity indefinitely due to the nature of the Method program. Notwithstanding that, Method takes the COVID-19 pandemic very seriously, and all staff and students are urged to follow CDC COVID-19 precautionary guidelines as well as monitor the CDC website (<https://www.cdc.gov/coronavirus/2019-ncov/index.html>) for the most current guidelines and resources :
